Says President Stood by
and Saw Oil Octopus
Rob Osages.

Kansas City, Mo., Oct. 13.—Governor Charles N. Haskell, of Oklahoma, who arrived here today from Guthrie, gave to the Associated Press a signed statement addressed to President Roosevelt, contributing another chapter in the controversy arising over the leasing of 680,000 acres of Osage Indian oil lands.

"I shall," says the governor in the course of his statement, "insist on the cancellation of this lease in the interest of these citizens of our state, or that congress take action to declare this improvident and unjust lease void, and secure for the Osage nation the just and reasonable compensation that other owners are receiving."

Haskell's Letter.

The letter in full follows:
"To Honorable Theodore Roosevelt, President, Washington, D. C.—Sir: I have just received a letter from Frank Pierce, acting secretary, interior department, dated October 9th, stating that my letter to you, asking for an explanation as to the oil lease on the Osage lands, had been referred to his department.

"He attaches an explanation which is not at all satisfactory. It contains practically nothing in conflict with my complaint. I agree that in 1896 the democratic administration made a lease to E. B. Foster on the entire Osage nation for ten years at 10 per cent. royalty. At that time the nearest known oil production was about seven hundred miles from the Osage nation, so that the Foster lease in 1896 was a rank wild cat proposition and of course, the usual pioneer royalty of 10 per cent. was allowed. But during the ten years the field was developed and found to be unusually rich, and ten years at this low royalty was an ample reward to those who developed it.

"By 1905 Foster had transferred his lease to the Indian Territory Illuminating Oil company, a well known subsidiary company of the Standard Oil company.

Was a Vast Tract.

"Development showed that oil covered 680,000 acres, being the east part of the Osage nation, although extending north into Kansas, east into Indian territory and south into Oklahoma and the whole area is known as the richest oil country in existence at this date. The remainder of the Osage nation was barren.

"Congress gave you the power to fix the consideration that the Osage people should receive, as their part of the oil value, after the expiration of the ten year lease. It was well known to you at that time what the sub-lessees were paying for small tracts in the Osage nation and adjoining lands in the Cherokee nation, as the Cherokee leases passed through the interior department and their approval and the royalties and bonuses received by the land owners were a matter of record and approved in the interior department records. It is scarcely possible that with these records before you, you failed to notice that ten dollars per acre cash and one-sixth royalty was much below the average compensation to the land owners. Indeed, in many instances cash bonuses of from fifty to one hundred dollars per acre were received by the land owners.

Some of the Records.

"A few cases found in the interior department records are as follows:

"The Lannon family, seven hundred acres, Cherokee nation, immediately joining the Osage nation, interior department lease made in 1903, cash bonus \$40,000; royalty, one-eighth. We have eight or ten similar leases where general public information shows cash bonuses substantially as large as the above and royalties running at one-sixth, but your subordinate officers in charge of the Indian office at Muskogee, on orders from the interior department, this morning re-

SAME COMMISSION WILL SERVE AT ELECTION

Now Arranging County Ballots, of Which 40,000 Will Be Required.

BIG MEETINGS THIS WEEK.

Tonight—Seth Low, Princess rink.
Thursday—John Sharp Williams, Princess rink.
Friday—Samuel Gompers, Princess rink.
Saturday—Governor Hanly, Princess rink.

The county board of election commissioners has already held its first meeting and arranged the form of county and township ballots to be used at the general election on November 3, and in Allen county about 40,000 county ballots will be required.

Under the law the same board of election commissioners, which served at the primary last spring, will be in charge of the general election arrangements. It is composed of County Clerk Joseph N. Mason, William Fruechtenticht, democrat, and Willbur Carpenter, republican. The board has arranged for the appearance of the tickets upon the ballot in the following order: Democratic, republican, prohibition, socialist and independence party. These are the nominations that have been certified to the board up to this time and all must be certified at least fifteen days prior to the election.

Louis C. Schlaudroff has filed a protest with the board of election commissioners against an evident error in the certificate of the socialist nominees. One of the candidates for county commissioner appears on the certificate as "Louis C. Schlaudroff," when it is said the name should be Louis P. Schlaudroff. The humane officer is anxious to avoid the appearance of being a candidate and has asked the board to make the correction.

Sixth ward democrats will hold a meeting this evening at Fuhrmann's carpenter shop, Harrison and Killea streets, and the speakers will be John W. Eggeman and C. M. Niezer. In the Ninth ward there will be a meeting at the corner of High street and Runion avenue, with addresses in German by William Fruechtenticht and Adolph Roggen. Mr. Cline and Mr. Thomas will speak at Milan Center this evening.

Telegrams to the local republican leaders this morning announced that Hon. Seth Low, former mayor of New York, who is to speak at Princess rink this evening, would reach the city at 4 o'clock this afternoon over the Grand Rapids and Indiana railroad from Richmond. Arrangements have been made to give the distinguished speaker a rousing greeting when he faces a Fort Wayne audience tonight. B. Paul Mossman will preside, and a parade of the republican marching organizations will precede the meeting.

Former Congressman James M. Robinson addressed a fine meeting of Fifth ward democrats in the Nebraska section of the ward last evening. Mr. Robinson confined himself largely to national issues, and he demonstrated that the record of the republican party shows that it has opposed and defeated practically every important reform proposed by President Roosevelt.

District Chairman E. G. Hoffman will go to Whitley county tomorrow evening to address a democratic meeting.

The Ninth ward democratic club will meet at its headquarters this evening and march to High street and Runion avenue, where Mr. Fruechtenticht and Mr. Roggen will be heard in German addresses.

Democrats of the Tenth ward will be addressed Wednesday evening at Smith street and East Creighton avenue by Judge Edward O'Rourke and E. V. Emrick.

On Saturday evening C. M. Niezer and William Fruechtenticht will address a meeting of democrats at Hiller's hall in New Haven.

According to the present outlook Judge Taft's visit to Fort Wayne will

TAFT SPECIAL GETS ITS ROLLERS OFF THE RAILS

Candidates' Car Derailed in
Ohio Town—Taft Making
Lively Campaign.

Sterling, O., Oct. 13.—The first casualty to the Taft special in all its travels occurred at 10:20 this morning as the train pulled onto a siding at this place. The front truck of Judge Taft's car and the rear truck of a Pullman just ahead of it left the track. The train was coming to a stop and the car of the candidate did not move a length after the accident. One of the journals of the truck was cracked, but was pronounced to be safe. The delay on account of the derailment was just thirty minutes, but this, added to the time which had been previously lost, put the special an hour behind in leaving Sterling. The cause of the accident was ascribed to the spreading rails of the siding on which the special was moving in its transfer from the Erie to the Baltimore and Ohio railroad.

Mr. Taft made his speech to the people of Sterling while the railroad men were putting his car on the track.

STRENUOUS DAY OF TALK.

Akron, O., Oct. 13.—Judge Taft today will repeat his continuous talk performance of yesterday, distributing his speeches from here to East Liverpool, where he will spend the night.

GAMBLERS FORFEIT COIN FOR THEIR FINES

Are Not Forced to Appear
in Court to Enter
Pleas.

James Thomas and E. Sheridan, true and first name unknown, paid fines of \$40 and costs in the city court today for keeping gambling houses and eleven other men who gave names that threw as much light on their identity as did those given by the keepers of the places were assessed \$15 and costs each and two gambling raids passed into history.

Diligent and searching inquiry among the members of the green cloth fraternity would probably reveal the fact that the names of Thomas and Sheridan are unknown and the ridiculous farce enacted by Capt. Kelly and Sgt. Pappert with a squad of trusty policemen about 2 o'clock this morning served no other purpose than to collect from the gambling house conducted above Ed Klein's saloon at Calhoun and Wayne streets and over Gierhart & Swift's

HOLLAND HAD HER DUTCH UP WHEN SHE WROTE

Note to Castro Last Month
Was Full of Burrs and
Prickly Spurs.

[Associated Press Correspondence.]

Caracas, Tuesday, Sept. 29.—"The revocation of the decree of May 14th is demanded in the most energetic manner—the government of Venezuela must from this moment and without delay fulfill the protocol of 1894—and not prolong the intolerable state of affairs which it has created by the decree of May 14th."

These are the words of the minister for foreign affairs of The Netherlands in his note of Aug. 20, in which he answers Venezuela's communication telling of the summary dismissal of Minister De Reus from Caracas.

M. Van Swinderen, the foreign minister of Holland, began his reply to President Castro by acknowledging the gravity of the offense committed by M. De Reus and saying that the Netherlands government would immediately have recalled him of its own initiative if it had seen the offensive publication, but that President Castro had taken justice into his own hands by violating international custom by summarily expelling the minister without asking for his recall.

Some Hot Statements.

The text of the vital parts of the long note is as follows:
"The revocation of the decree of May 14th is demanded in the most energetic manner. It is only this revocation which can confirm, as an accomplished fact, the assurance from your excellency that the personal fault committed by the minister resident had not altered the good relations so happily existing between the two nations and that Venezuela also desires to maintain them on the most amicable basis."

"Recently my attention has been again called to new complaints, apparently well founded, concerning the arbitrary and illicit actions of Venezuelan functionaries, for example, the seizure on the high seas of ships flying the Netherlands flag by Venezuelan vessels and I have been informed by cable of acts of your chief of state towards the representatives of the Netherlands government unfriendly to the highest degree."

Arbitration Treaty Proposed.

The note goes on to say that, after the renewal of friendly relations is established, "the celebration of a definite treaty of arbitration and a consular and commercial convention which will be the surest means of arriving at the desired end, shall be submitted to subsequent consideration. But the government of Venezuela must from this moment and without delay show it knows how to appreciate in its real value the maintenance of the protocols seriously celebrated in 1894 and which forms the basis of our relations as well as the obligations incurred by The Netherlands and faithfully lived up to and that it does not wish to compromise its existence by

LONG LIST OF BIG CASES FOR HIGH TRIBUNAL

Docket for Supreme Court
of United States Called
—Oil Cases Listed.

Washington, D. C., Oct. 13.—Beginning at 12 o'clock today the call of the docket in the supreme court of the United States for the 1908-09 term was begun. Among other matters of interest many important railroad questions will receive the court's attention, and of these the appeal from the decision of the United States circuit court for the eastern district of Pennsylvania on the "commodities clause" of the inter-state commerce laws affecting the anthracite coal roads will probably occupy first place with the public.

Important Oil Cases.

An important case near the head of the call is that of the Water-Pierce Oil company, of St. Louis. This is an appeal by the company from decisions of the Texas state courts, ousting the company from doing business in that state, and in imposing a fine of over \$1,600,000 against them on the charge of violating the trust law of the commonwealth. The Waters-Pierce company is identified with the Standard Oil company and on that account as well as on account of the fact that Senator Bailey has been charged with giving assistance to the company in its controversy, the suit has attracted much attention.

A case recently docketed will test the validity of the Haskell bank guaranty law of Oklahoma, and another instituted by one of the negro soldiers discharged on account of the Brownsville riot, will deal with the right of the president to summarily dismiss an enlisted man before the expiration of his term.

Still another case deals with the New York city's eighty cent gas law, the constitutionality of which is attacked, and another is intended to test the applicability of the New York game laws to game shipped from abroad.

Violations of Land Laws.

There are several cases dealing with alleged violations in Colorado of the public land laws, in connection with which a number of men of prominence are being criminally prosecuted. These cases were dismissed by Judge Lewis, of the federal court in Colorado, but the government appealed and is preparing for a thorough presentation of them. Two other important cases which the court will hear early in the term, deal one with the right of the governor of Porto Rico to make requisitions as a territory on the governor of a state for the return of a fugitive from justice, and the other with the regularity of the proceedings of the New York courts against Albert T. Patrick, the lawyer now serving a life sentence on the charge of murdering millionaire William Marsh Rice. A number of cases affecting irrigation and dealing with the right of corporations to divert water in the face of protests from riparian owners, also hold places on the docket.

Batteries—Brown and Kling; Summers, Winters and Schmidt.

Detroit, Mich., Oct. 13.—Chicago won the fourth game and her third victory in the world's championship series today.

It was a brilliant contest in which the pitching of Mordecai Brown for the National league champions stood out scintillating and masterful.

The Tigers were as nothing to him. Summers pitched for Detroit, and save for the second inning held the visitors under control.

He was relieved in the ninth inning by Winters in the hope of breaking the luck of the American champions. The Cubs got one run from him.

The largest crowd that ever saw a ball game in this city attended the game. The weather was ideal.

STORY OF THE GAME.

Detroit, Mich., Oct. 13.—The champion baseball teams of the major leagues returned here from Chicago today and found the local "fans" hugging to their hearts the possibility of a Detroit victory this afternoon which would make the world's championship series a tie with two games apiece. While Chicago players and rooters found plenty of comfort in the memory of their team's triumph over Detroit last year and its advantage of two victories to one so far this series, the local enthusiasts gleefully contemplated yesterday's score and declared that Cobb, Crawford and Rossman had only just found their world's series stride.

Contrasted with last Saturday's feverish expectancy when the series opened, conditions are fairly normal today. With ideal baseball weather predicted, "Clear and warmer," with the Detroit ticket speculators practically eliminated by their heavy losses on the opening day and a fair prospect of desirable seats to meet all demands and with the two clubs having taken the measure of each other's strength in the three hard battles to date, early indications suggested the absence of hysteria and the presentation of a thrilling contest.

Baseball writers from all over the country who are here to report the world's championship series have called a meeting today at the Hotel Pontchartrain to form a national association, carrying out the ideas outlined at a recent meeting in New York city. Among the objects sought by the writers are uniformity in the interpretation of scoring rules and stricter rules for admission to the press box.

Weather conditions were perfect when play was called. The sun shone brightly and a light breeze blew over the field.

When play began the crowd was the largest that has ever attended a game at Bennett Park. The grand stand and bleachers were jammed with people and the temporary circus seats in the outfield were about two-thirds full.

fused to permit examination of the records to confirm same accurately, but they are subject to your investigation, and you will find, no doubt, that the Lannon lease was only an average lease.

"And numerous other leases adjoining the Osage nation gave you the opportunity to know that a bare one-eighth royalty without any cash bonus to the Osages was a gross outrage on that nation.

"Congress no sooner gave you the authority to fix the amount of compensation than the Osages filed a written request with you for an opportunity to be heard and produce evidence, which they could easily have produced, showing you that a cash bonus of seven million dollars and one-sixth royalty would be indeed a moderate compensation to them.

"Indians Denied a Hearing. "You neglected to give the Osages any opportunity whatever to be heard. The fact that six hundred and eighty thousand acres of rich oil land was the stake that the Standard Oil company was playing for, and the land owners denied the right to be heard, is something that will require a more lucid explanation than Mr. Pierce has seen fit to give.

"Any practical business man is ready to recognize that 680,000 acres in one tract of land is of far greater proportionate value than the small tracts of a few hundred acres each, and therefore the greater surprise that you should have fixed a royalty (without any cash bonuses) much lower than the individual land owners were securing on small tracts. There were no such improvident leases being made in that whole combined field.

"Mr. Pierce suggests in his letter to me that as a matter of fact it was not known at the time that the Standard Oil company was the real party in interest. I submit to you that the very

fact that Messrs. Guffey, Barnsdale and Senator Depew, well known Standard Oil representatives, with others of the same odor, making a personal appeal to you for this low royalty to the land owners, should have been ample evidence that the Standard Oil company was the real beneficiary.

Same Old Chauncey M. "It was the same Senator Depew who induced you to grant the Prairie Oil and Gas company franchise over the protest of Secretary Hitchcock, less than one year before that time, and in this one transaction you gave the Standard Oil company a donation from the property of the Osage Indians of more than enough to pay for the famous \$29,000,000 fine.

"I shall insist on the cancellation of this lease in the interest of the citizens of our state, or that congress take action to declare this improvident and unjust lease void, and secure for the Osage nation the just and reasonable compensation that other owners are receiving.

"Marvelous as it may seem, the difference between the royalty you fixed for this new lease and the average amount received in the balance of the oil field by land owners controlling their own property is fully equivalent to a net loss of \$10,000 to each and every member of the Osage nation and whether this gross injustice to our people was accomplished by your lack of consideration, or in any other way, the authorities of the state of Oklahoma will not rest until this lease has been cancelled and justice done our people.

"Respectfully,
(Signed) "C. N. HASKELL,
"Governor."

TAFT SPECIAL GETS ITS ROLLERS OFF THE RAILS.

(Continued From Page One.)

He will get into the outskirts of Cleveland, but his speech for that day is reserved until next week, when he comes back from the south, New Jersey and Maryland.

The Taft special left here at 3:30 o'clock this morning. The candidate's itinerary includes meetings today at Barbours, Wadsworth, Sterling, Medina, Grafton, Blyria and Lorain, where the stop is to be an hour and a half; Woodland Avenue, Newburg, Hudson, Ravenna, Alliance, Salineville and East Liverpool.

Mr. Taft expressed himself as extremely gratified with his Akron reception, and the enthusiasm and interest manifested in what he had to say.

INDIANA SYNOD BEGINS.

Presbyterians of State in Session in Richmond.

Richmond, Ind., Oct. 13.—Rev. J. W. Johnson, of South Bend, was chosen moderator of the Indiana Synod, Presbyterian church, at the initial session held last night at the First Presbyterian church. The election was followed by speeches by the retiring moderator, Rev. J. W. Darby, of Evansville; Rev. Charles Little, of Wabash, the stated clerk, and Rev. Mr. Johnson. The early part of the evening was devoted to music and prayer and a sermon by Dr. Thomas A. Wiggington, of Evansville.

About one hundred members of the synod had arrived last night and as many more came this morning.

PETITION IS DENIED.

Rehearing of Laughlin Case Turned Down by Supreme Court.

Indianapolis, Oct. 13.—(Special).—The petition for a rehearing in the case against Charles Laughlin has been denied by the supreme court.

The case was taken up because Judge O'Rourke refused to admit testimony given by the police and the prosecutor the night of the murder of Samuel Augsburger. Dan B. Niade, who prosecuted the case, appealed from this decision and then asked a rehearing of the case.

AT THE FAIRY THEATER.

This week is something out of the ordinary at the Fairy, the five cent theater. Miss Eva Snow has a song specialty that is certainly taking, called "I'm going back to Chicago." St. George and Warren kept the spectators in good humor from start to finish. The moving picture show, colored film, "Mr. Fuzz," is one of the finest. The Watterson twins have been engaged to sing the illustrated songs, and they are more than popular.

Mr. and Mrs. Nelson, of Los Angeles, Cal., are visiting Miss Sue Barnett and her father, A. G. Barnett. The visitors are parents of Mrs. James Barnett.

HASKELL WILL SUE EDITOR HEARST FOR LIBEL

Oklahoma Governor Visits Kansas City to Confer With Attorneys.

Kansas City, Mo., Oct. 13.—Governor Charles N. Haskell, of Oklahoma, arrived here today from Guthrie to consult his attorneys with reference to a suit that he says he intends to bring against William R. Hearst charging the New York editor with libel. The governor stated that he had already placed the matter in the hands of his attorneys and that the petition would be filed by them whenever they saw fit. The suit, he said, probably would be brought in the circuit court, but just when he was unable to say. The case grows out of the publication of the Standard Oil story, the controversy over which led to Governor Haskell resigning as treasurer of the democratic national committee.

The story in question alleged that a man named Haskell in connection with two others had made overtures to Frank S. Monnett, then attorney general of Ohio, to stop a suit pending against the Standard Oil company, the trio agreeing, it was alleged, to furnish \$50,000 in case proceedings were dropped. Mr. Hearst asserted that this Haskell was Governor Charles N. Haskell, but the executive of Oklahoma declared that he had no connection with the matter and said some other Haskell must have been meant. Governor Haskell declined this morning to make public the names of his attorneys who are to bring the suit against Mr. Hearst or to make any definite statement regarding the intended suit. He might, he said, be able to do in the day announce definitely just what the next step in the matter would be.

BULGARIA STANDING PAT AND VERY UNAFRAID

Prospect Now is Good for Settlement of Row in Near East.

Sofia, Oct. 13.—"There is no cloud on the Bulgarian horizon," sums up the official view in Sofia of the events that have transpired since the proclamation of Bulgarian independence by Prince Ferdinand October 5. The government is convinced that the chances of Europe will swing to a more favorable view of Bulgaria's action as soon as the danger of a general conflagration is over.

The troops now under arms, including the reserves recently called out, reach a total of 120,000 men.

They will be kept to the colors for another month, pending a settlement of the existing situation.

The guards on the frontier have been given strict instructions to keep well within the territorial limits of the new kingdom and to avoid clashing with the Turks.

The illness of Prince Boris, eldest son of King Ferdinand, is the reason why the members of the royal family were not present at the festivities in Sofia yesterday in connection with the king's triumphal entry into his capital.

Prince Boris goes under the title in Bulgaria of czarvitch.

TURKEY MAY SUBMIT.

London, Oct. 13.—Foreign Secretary Grey and M. Iswolsky, the Russian minister of foreign affairs, spent the morning in telegraphing correspondence with the capitals of Europe regarding the forthcoming conference of the powers to settle the near eastern question. The details of this meeting, however, have not yet been fully arranged. In falling in with the proposals of M. Iswolsky, Great Britain has acted with the concurrence of Turkey. If Turkey takes Great Britain's advice she will accept the independence of Bulgaria and the annexation of Bosnia and Herzegovina as accomplished facts and ask compensation.

The report circulated today that the powers are considering handing over the Sandjak of Novipazar in European Turkey to Serbia, and the statement from Paris that Bulgaria has given Turkey three days to recognize her independence are not credited here.

THE LYRIC THEATER GIVEN FORMAL OPENING TO PUBLIC

Inaugural Bill and See Enjoyable Show.

The Lyric theater, Fort Wayne's newest playhouse, had a most auspicious opening last night and two audiences that fully tested the capacity of the house, saw the pretty and cosy place dedicated to amusement.

A bill of many excellences and a headline act that will get applause anywhere made up a delightful performance and the two big audiences were neither slow nor parsimonious in manifestations of approval. Considering that it was the opening night everything went off with uncommon smoothness. There was just a suggestion a time or two of troublesome scenery, but nothing occurred to interrupt or mar the performance.

A program by the orchestra formally inaugurated the opening after which Coleman and Mexis showed how they got their title of the "shootin' wonders." They can shoot some. Harry Hammond, the well known baseball pitcher of the Fort Wayne Central league team, made his professional debut as a vocalist and furnished the melody to a succession of pretty pictures that illustrated "Somebody That I Know and You Know, Too." He was heartily received and liberally encored. Dancing Davey and Miss Poney Moore presented a western playlet called the "Dancing Tenderheart," that would be improved if shortened. Otherwise it is entertaining. Walter MacFarland and the Sisters Dale do a singing and dancing act that is dainty and not overdone. The piece de resistance was the Potts Brothers and their company in a bright society sketch called "His Honey-moon." It is one of the best vaudeville sketches ever seen in Fort Wayne. It is full of bright dialogue and its situations are of the button bursting sort. The audiences were tired of laughing when it was concluded. The staging of this sketch is elaborate. The kinodrome finishes the program with a time reel on "The Baseball Fan."

The management is receiving congratulations on all hands upon the success that has attended the opening of the Lyric.

The meeting of the members of the Fort Wayne Medical society in the assembly room of the court house this evening will be addressed by Drs. J. H. Gilpin and Allen Hamilton.

W. H. KELSEY IS GIVEN RE-ELECTION AS SECRETARY

County Farmers' Mutual Fire Insurance Company in Annual Meeting.

In the re-organization of the board of directors of the Allen County Farmers' Mutual Fire Insurance company which was held immediately following the close of the annual meeting of the stockholders of that company in the assembly room of the court house today, Capt. William H. Kelsey was re-elected as secretary. Captain Kelsey has held that position for several years and he has been one of the most efficient officers the company ever had.

The three directors elected at the meeting today are J. J. Peters, of Monroeville, George V. Kell and W. H. Kelsey. The other two directors whose terms have not yet expired are George Wilbur, of Milan township, and Jerome D. Gloyd, of Perry township.

The election of the new directors was not held until 2:30 o'clock this afternoon, the greater part of the day having been given over to the discussion of various matters. The records of the company show that there has been an increase in business every year, the net increase during the past year amounting to \$222,736. The total losses for the year were \$13,413.40, of which \$2,832.64 was caused by lightning and the remainder from fire of various origins. There was but one assessment levied during the year and that amounted to only twenty cents on the hundred dollars.

TRUE IS UNTRUE STATES HIS WIFE AND SHE FILES SUIT

Latham Accused Wife Wrongfully and Left—The Court News.

According to a divorce complaint filed in the superior court today, True Latham was not true to his family as his wife charges that he went away and left her with two children about six years ago and has failed since to provide for them.

They were married on November 27, 1897, and lived together until November 27, 1902. The charge is that he accused his wife of infidelity and left and has made no provision for his family. C. W. Porter filed the suit.

Old Case Disposed Of.

In the circuit court the divorce case of Emma C. Ensch, filed July 10, 1903, was disposed of by giving the husband a decree on his cross complaint. He stated to the court that his wife left him and their three children five years ago against his wishes and has not returned. He was given the custody of the three children.

Kinsey Will Filed.

The will of the late John F. Kinsey was filed in the circuit court today for probate. He left \$10 each to his sons Fred F. Kinsey, of Peru, and Carl D. Kinsey, of Chicago, \$250 to Mrs. Myrtle P. Saunders, and \$100 to Miss Maude Hope Kinsey. The remainder of the estate is bequeathed to the widow, Emily Kinsey.

Old Cases Dismissed.

A case of assault and battery against Samuel Michaels and one against William Mohler that had been on the circuit court docket for some time, were dismissed today on the motion of the prosecutor.

A surety of the peace case against Mary Fox was started but the hearing was stopped and the matter will probably be adjusted.

BOARD OF WORKS UNDECIDED.

Not Certain Whether or Not Money Would Be Asked for Repairs.

The members of the board of works had not fully made up their minds this afternoon whether or not they would ask that about \$20,000 in the new street fund account be transferred to street repairs so that the patch work can be done on Calhoun street. The question with the board is whether it will be best to resurface the street entirely and apply any money that may be collected from the bonding company to the payment of the costs or to go ahead with repairs.

If the transfer is asked the matter will go before the city council at its meeting tonight. This afternoon City Clerk Mungovan had only a few small matters in his hands to be submitted tonight.

prolonging the intolerable state of affairs which it has created by the decree of May 14."

President Castro was away at Valencia when this note was presented by Baron Von Beckendorff, the German minister, and he told Dr. Paul, his foreign minister, to acknowledge receipt and to await the second note from Holland, which it was known was soon to arrive. This second note came last week, but because of General Castro's illness it has not, as yet, been answered, although it is generally understood here that Venezuela will not give in to any of Holland's demands.

Venezuela's Stand.

Venezuela will take the stand that until a satisfactory apology and indemnization is forthcoming from the Netherlands government for the insulting letter of the late Minister De Reus and for the stealing of the Venezuelan consul in Curacao, Holland has no right at all to make any demands of this country and especially in the nature of those made in the Dutch note, which interfere with the right enjoyed by free nations to make their own commercial laws. It is very generally admitted in Curacao that if the Venezuelan government wishes to have the transshipment of merchandise for Maracabibo done in Venezuelan ports that it has a perfect right to do so, although Curacao may be a sufferer thereby.

Although the Netherlands note asks for the "immediate revocation" of the transshipment decree, it has been reported that the second note fixes the date of November 1st as the time when this must be done, thus giving the note the nature of an ultimatum. Nobody who knows General Castro believes that this demand will have any other effect than still further to incense Venezuelan's executive against Curacao, and nobody would be at all surprised if his answer was more vigorous and determined than The Netherlands government expects or will like. That Venezuela is being prepared to resist invasion and that many big coast defense guns are ready to be placed is common knowledge down here.

THE DEATHS.

FAULKNER.

William J. Faulkner, infant son of Mr. and Mrs. Cyrus Faulkner, residing in Wayne township, five miles southwest of the city, died at 5:25 o'clock Monday evening from exhaustion at the age of five days.

Funeral services, Wednesday morning at 8 o'clock from the residence and at 9 o'clock from St. Patrick's Catholic church. Interment at St. Michael's Catholic cemetery, in St. Joseph township.

ERNSTING.

Carl Ernsting, 84 years of age and for more than half a century a resident of Fort Wayne, died Sunday at the home of his son, Fred Ernsting, at Lockport, N. Y., from senility. The aged man went to Lockport four months ago to visit his son, and was taken ill while there.

Mr. Ernsting was for many years employed as an engineer in the Tegmeyer sawmill. He is survived by three sons and two daughters—Fred Ernsting, of Lockport; William and Charles Ernsting, Mrs. John Grenzsbach and Mrs. A. K. Fahling, of this city. The remains arrived in Fort Wayne today and were taken to the home of Mrs. Fahling, 1215 Sherman street.

Funeral services Thursday afternoon at 1:30 from the residence and at 2 o'clock from Trinity German Lutheran church.

DRIVER.

Adam Driver, a pioneer Allen county farmer, died last Thursday at his home in Springfield township at the age of 89 years.

Mr. Driver located in Allen county in 1853. He is survived by three children, nine grandchildren and three great-grandchildren.

FUNERAL NOTICES.

Moten.—Funeral services of Moses Moten will be held from the A. M. E. church Wednesday afternoon at 2 o'clock, under the auspices of St. Mary's lodge No. 14, F. and A. M.

Wilson.—The remains of Mrs. Mary Wilson will reach the city from Ray tomorrow at 10:35 o'clock over the Lake Shore railroad and will be removed to the Potter undertaking rooms. Here funeral services will follow at once, and the remains will be temporarily placed in the receiving vault at Lindenwood.

Kley.—Funeral services of Mrs. Dorothy Meta Kley will be held Wednesday afternoon at 2 o'clock from the residence, 1306 West Main street. Mrs. Kley was a direct descendant of the Osterlindorfs, one of the first families of Germany, in addition to other relatives she leaves seventeen grandchildren. Mrs. Kley was a member of St. John's Lutheran church.

GOV. HANLY MAY OCCUPY PULPIT OF WAYNE ST. M. E. CHURCH

Distinguished Speaker of Saturday Evening May Remain Over Sunday.

There is a distinct probability that Governor J. Frank Hanly, who is to deliver an address at the Princess rink on next Saturday evening, will remain in this city over the following Sunday, in which case he has been invited by the pastor, Rev. Frank Leinig, to occupy the pulpit of the Wayne street Methodist Episcopal church. Governor Hanly is scheduled to speak at Berne, Ind., on Saturday afternoon and he will have only a short time after his arrival in this city before the rink meeting is scheduled to begin. As it will be late when that meeting is over, the governor would probably not attempt to leave the city before Sunday morning at the earliest, and under these circumstances, he will undoubtedly accept the invitation to speak in the Wayne street church in the morning.

The members of the Law and Order league have taken a great deal of interest in the coming of Governor Hanly to Fort Wayne and they are doing all in their power to make the meeting Saturday evening a most successful one. Indications are that the rink will be filled. A reception committee to meet the governor and escort him to the rink is being arranged, but it has not been entirely completed as yet.

FOR PIMPLES, TOO.

New Discovery Cures Eczema and Eradicates Minor Skin Troubles Over Night.

About a month ago the dispensers of poslam, the new discovery for the cure of eczema decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since this change in the methods of distribution, poslam has met with the most phenomenal success of anything introduced to the drug trade in the last 30 years. All leading druggists, including Meyer Bros. Co., in Fort Wayne, are now carrying the special 50-cent size recently adopted, also the \$2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately and cures chronic cases in a few weeks. In minor skin troubles, such as pimples, blackheads, acne, herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge by the Emergency Laboratories, 32 West Twenty-fifth street, New York city.

SAVS THIS ZIGZAGGING ACROSS STATE IS NO PICNIC

Hon. T. R. Marshall Talks
of Some Experiences
of the Campaign.

Logansport, Ind., Oct. 13.—"Getting on a scales is one thing that I balk at," exclaimed Thomas R. Marshall, democratic candidate for governor of Indiana, when here a few days ago on the way from Elwood to Delphi. Senator Frank M. Kistler, Judge Moses B. Lantry, democratic candidate for judge of the supreme court, fifth judicial district, and several other local democratic politicians had just weighed themselves. The place was the interurban station and Senator Kistler, after stepping off the scales, invited Mr. Marshall to get on. But Mr. Marshall sank deeper in his seat and shook his head.

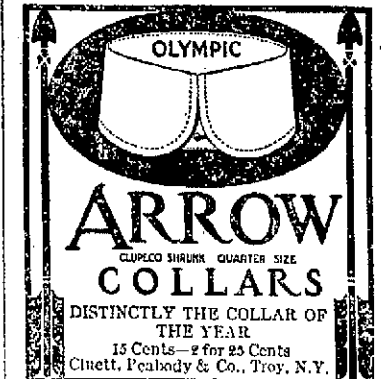

"That's something I won't do," he continued. "Why, if I got on there and discovered that I had lost several pounds as the result of this chasing about the state, I would immediately begin to think myself ill. And the truth of the matter is I never felt better in my life. Why, if it became known that I had lost a few pounds, some of the newspapers about the state would have me indisposed, dying and dead. But I'm not, and I'm far from it. Thanks to Mrs. Marshall's good care, I'm feeling fine."

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Bryan Has Good Appetite.

"But say, I would like to be able to eat as much as Bryan. Why, he eats more than any man I ever saw. If I could eat like that fellow, I'd be happy. And do you know, I wouldn't board him at any price. He'd eat a boarding-house keeper out of house and home. But I guess that it is his eating ability that makes him keep fat. They tell me that he has gained considerably in weight since beginning this campaign. Well, that's because he has a new boarding place every day—all proprietors get wise, after he has been with them a day."

"I suppose you think that because I am small I'm afraid to get on the scales and let you see what I weigh?" laughingly questioned Mr. Marshall as he gazed at Senator Kistler.

"No; for you know good things come done up in small packages," replied the senator.

"How about small things being done up in big packages?" exclaimed the Rev. Sam Small, who had spoken in the Elks' hall the night before, and was with the party. Mr. Marshall and the others surveyed Mr. Small's six feet two of old Georgia stock and burst into hearty laughter. They saw the joke. Then Mr. Small joined in.

Bureau Should Study Time Tables.

"This campaigning may look like a picnic to some people on the outside, but it isn't," replied Mr. Marshall to the query how he liked going over the state. This here-for-breakfast, there-for-dinner, somewhere-else-for-supper and the Lord-only-knows-where-for-bed game is not the soft life of ease that many people think. But it might be a good deal easier if those fellows in the state speakers' bureau had a little more consideration for time tables, candidates' conveniences and Father Time. They book you for an afternoon speech here, and have you billed for a night speech somewhere else, and they never think to ascertain whether there is a train that will enable you to get to the latter place. I have found that railroad trains and interurban cars, as well as time and tide, waits for no man—not even candidates. Why, Thursday night I was billed to make an address at Elwood; was in Knightstown in the afternoon, and when I came to go to the former place I found there was no connection. That committee might have known that and arranged differently, but it didn't. Well, a two hours' ride in an automobile, in a chilling wind, enabled me to get to Elwood. But it was 10 o'clock when I did arrive. The people, about 1,500 of them, however, were indulgent, and they remained until I got there.

Mrs. Marshall Having Good Time.

"Now look at the jump I have today—Elwood way up to Delphi for an afternoon meeting and then way down and past Elwood to Alexandria for a night meeting. But then, I suppose the committee is doing the best it can under existing circumstances. I'm standing zigzagging very well, and Mrs. Marshall is having the time of her life."

"Mrs. Marshall said she was very confident that her husband will be elected. 'But, if by some remote chance, he should not be, I will not regret this tour of the state. I will always look back upon it with much pleasure, for I have met many, many nice people and Mr. Marshall and I have been royally treated wherever we have gone.'"

When asked if she would like to vote, she replied that she would not. "I don't believe in woman suffrage. I think that home is the proper sphere for women, but at the same time, I think that all women should take an interest in politics. I believe that if a man is in politics and is seeking office, his wife should give him her moral support and in a womanly way help him all she can. But as for voting—why, I don't believe that women would use the franchise if granted them. Of course, some would, but the majority would be content to let the stronger sex do the voting."

STEWART

Base Burners

Are the only heaters having the wonderful Center-Flue Hot-Air Circulator developed to its fullest extent

No one can deny the Immense value—the saving in coal—due to this feature possessed by no other stove.

There are many reasons why we can guarantee a Stewart Base Burner to give more heat from the same fuel than any other.

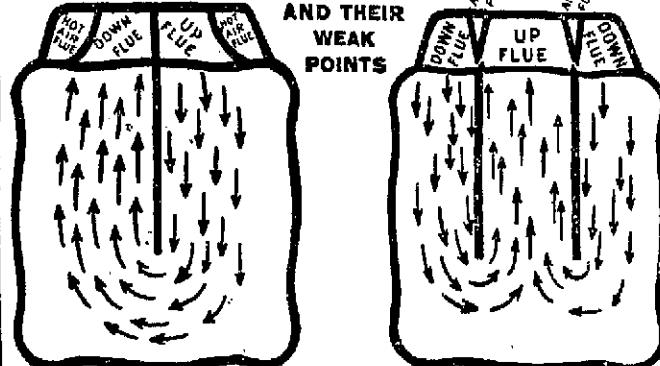

Let us Explain Why They Give More Heat

Note the difference in the Flue Systems used in other stoves as compared with the Perfected Stewart System.

The diagrams herewith were made from actual measurements taken from the different makes of stoves and show accurately their proportions. They can be proven correct by an examination of the stoves.

THE WAYS OF OTHERS

TWO AND THREE FLUE CONSTRUCTIONS AS USED IN OTHER BASE BURNERS

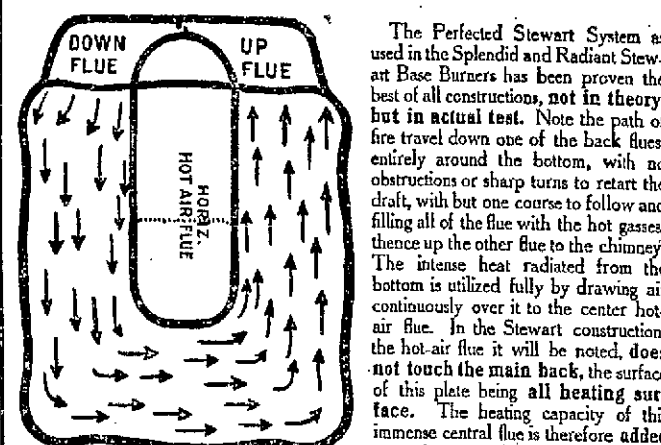

This system of flue arrangement is used in a great many base burners. The hot air flue goes on the OUTSIDE of the stove, about half only from their INNER surface, while at the same time they detract from the valuable heating surface of the main flue. They have no advantage over a stove without the air flues. The center division strip also retards the circulation, owing to the sharp turn in the fire travel.

Neither of these systems utilizes to the fullest extent the heat generated, as they are wrong in principle.

Many extravagant claims are made for this system which has little if any advantage over the system commonly used. The air flues, owing to their restricted area, have very little capacity to add but little to the heating efficiency of the stove for the flue the other arrangement they detract from the radiating surface of the main back plate one of the most valuable heating surfaces of the stove. The heat is SUPPOSED to divide itself equally between the two down flues but in actual service this does not occur and the heat frequently passes down but one of the flues, thus cutting off a large amount of the heat derived from the opposite flue. The heat radiated from the stove bottom is only partly used being pocketed by the overhanging base strips.

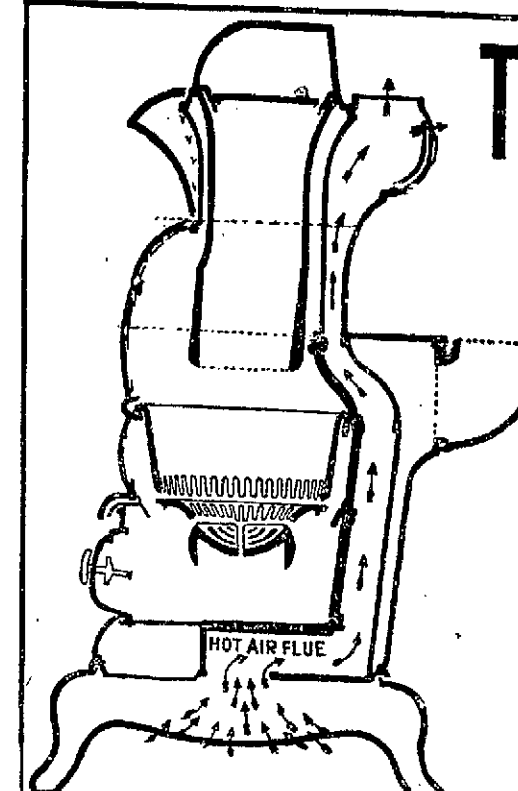

THE STEWART WAY

The Perfected Flue System as used in Stewart High-Grade Base Burners

The Perfected Stewart System as used in the Splendid and Radiant Stewart Base Burners has been proven the best of all constructions, not in theory, but in actual test. Note the path of fire travel down one of the back flues, entirely around the bottom, with no obstructions or sharp turns to retard the draft, with but one course to follow and filling all of the flue with the hot gases, thence up the other flue to the chimney. The intense heat radiated from the bottom is utilized fully by drawing air continuously over it to the center hot-air flue. In the Stewart construction, the hot-air flue it will be noted, does not touch the main back, the surface of this plate being all heating surface. The heating capacity of this immense central flue is therefore added capacity over that of other makes.

In comparison with other stoves of the same firepot CAPACITY, not the same diameter at top (which is no comparison at all) the Stewart First Class Base Burners will give ONE THIRD more heat from the same amount of fuel.

The Stewart Air Circulator

THIS diagram is an accurate vertical cross section of the SPLENDID STEWART BASE BURNER which has the largest center hot-air flue of any stove made. Note how this center flue draws the cold air from the floor, passes it through the hottest part of the stove and after heating it intensely discharges it at the top with such force and volume as to ignite a match held at a distance of nearly two feet above the flue exit. This flue has capacity sufficient to pass ALL THE AIR of a large room through it every hour. Such an immense column of heated air being discharged constantly creates a circulation in the room similar to a hot air furnace, while the air being drawn from UNDERNEATH the STOVE and close to the floor where the cold air is always found, makes an even temperature heretofore possible only with furnace or steam heat. No cold feet with a Stewart Base Burner in the house. Best of all this center hot-air flue takes its heat from the INNER PLATES of the stove entirely, not reducing the outer heating surface in the least. Note the extra-heavy lines along the inner side of the flue next to the fire chamber. These are intensely heated plates from which NO BENEFIT IS DERIVED IN OTHER MAKES. Does this not appeal to your common sense as a clear gain in heating power? It has other heating surfaces not possessed by any other makes and the best grate and the most perfect damper system in existence.

The Splendid Stewart Base Burner is guaranteed perfect in every respect, to have more radiating surface than any other stove with the same firepot CAPACITY (not firepot diameter) and that it will give more heat from the fuel consumed than any other stove of equal size. We do not refer to firepot diameter as a means of comparison as it is not fair, owing to the different proportions used by the various makers. The only fair comparison is that of coal capacity and on that basis we challenge comparison. We claim for these wonderful heaters that they utilize more of the heat generated than any other stoves. They also excel in the handsome silver white nickel, fitted with invisible joints and which does not tarnish, the perfect fitting of all doors and dampers, the large seven inch hot air collar for carrying heat to upper rooms when desired, controlled by a double damper, the best, self-cleaning grate, firepot which can be revolved and the perfectly arranged controlling dampers by which the fire can be kept at any desired intensity without attention. These are features found only in the High Grade Stewart Line. It will cost you nothing to examine these stoves. See them before Buying. Thousands of Stewarts in use here. FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition. Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

THOMAS R. MARSHALL GAINING.

The gains made by Thomas R. Marshall in his candidacy for governor have been remarkable. That he will be elected by a very substantial plurality is the belief of his friends. The democratic management of the state is profoundly confident of Mr. Marshall's triumphant election. The staff correspondents of newspapers that have been viewing the very interesting Indiana situation, while in some cases admitting that Indiana is doubtful on the presidential issue or claiming it by a large margin for Taft, almost unanimously admit that the chances of Mr. Marshall's election are more than good, better than even.

Mr. Marshall has made a clean and dignified campaign. He has appealed to the judgment of the people in a manner that has commanded entire respect, even where he may have failed to bring minds into agreement with his own. Not once on the stump has he departed from the course he laid out for himself at the beginning of the campaign and descended into the low realm of personalities. He has won the entire good will and the hearty admiration of all the people who have heard him speak in this very active campaign. No candidate for governor of Indiana has ever grown so in the popular esteem. In the southern part of the state, where he had previously been very little known, the people have for him such a whole-hearted warmth of feeling as rivals the affectionate regard in which he is held by those who know him best—his neighbors of the northeastern counties of the state. To them down there he has become "Tom" Marshall much as he has long been "Tom" Marshall to his older friends here in the north. Of his high ideals, his unyielding integrity and his commanding intellectual powers there is no question raised. Of his pre-eminent fitness for the gubernatorial office there is no denial anywhere. That he would grace the place and add to that the broad capacity to give Indiana one of the best administrations in her history, an increasing number of Indiana voters believe. The signs point

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' Nervine bottles and found that Dr. Miles' Nervine did my case. From the very first dose I took I got better. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others."
JOHN JAMES, Elkhart, Ind.

to his election and well it will be for Indiana.

The fact that Dr. Seth Low comes to Fort Wayne on a partisan political mission will not serve to keep away from his meeting tonight a large number of very hearty admirers who do not agree with him upon political matters. Dr. Low is eminent as an educator and so large a part of the composite that embodies the virile and progressive thought of this nation today and so active and helpful a participant in movements for social and civic betterments that he is assured of a greeting that on all sides will voice the general respect for his character, his position and his achievements.

"Do not expectorate on the streets and do not allow others to do so." This was the parting injunction by Dr. John S. Fulton, secretary general of the International Congress on Tuberculosis, just before that great federation of scientists adjourned. Can't speak for all the world, but Chief of Police Ankenbruck is going to enforce that injunction in Fort Wayne. The time for beginning, however, seems not to have been fixed.

Verily the political stump must feel like a stranger to itself with no forerunner to tread its worn planes. And Joey B., likewise—most unwelcome for him to be docile, silent and moveless at such a season. What an unkind current has drifted his once good stout bark into the stagnant deeps to gather barnacles and rot.

Man in the east who left \$150,000 estate to his wife and twelve children in a foreign land has died after living long in this country as a bachelor. Some courage in that, too, with the distinction of the Great Man's praise awaiting only the proofs of true desert.

It is as true today as when Trowbridge, after detailing the shocking disasters to Darius Green, counseled those of you who must try to fly to "take care how you light." Aviation is still in a more or less crude state.

DIRECTORS TOOK NO ACTION.

Resignation of Harry Sommers to Come Up at Next Meeting.

Contrary to expectations, the directors of the Anthony Wayne club did not meet last evening and consequently the expected action that would be taken on the resignation of Harry W. Sommers, Jr., as manager, did not occur. A meeting of the house committee was held, but nothing of special importance was transacted.

place on Calhoun, between Columbia and Main, the regulation assessment that is taken up at stated intervals. The last raids were made on Friday night and these on Monday night so that the probability of raiding a big game might be carefully avoided. Then there is another coincidence that might enter into consideration of the conditions surrounding the raid—all the men were playing poker.

This points out that the roulette wheels, faro layouts and other expensive machinery maintained for the entertainment of the tiger are simply kept for ornaments and that no policeman dare lay violent hands on any of it. The judge might take it into his head to destroy some of this valuable stuff and no chances are being taken.

Where jail sentences attach to offenses it is customary to require bonds of not less than \$100, but all of the gamblers were let go with a measly \$25 as a guarantee for the appearance of the men in the city court. The fines are uniformly \$15 and costs for gamblers and \$40 and costs for keepers so that they are not put to the inconvenience of appearing in court.

Raids will probably be more frequent in future. The paraphernalia in A. B. Jackson's old place was carefully moved out through the alley yesterday afternoon and this removes one of the places that has heretofore been on the regular raiding list and this will enable the police to get around oftener.

The Other Cases.

PROSPECT OF BRINGING HAT FACTORY HERE BRIGHTENING

Local Capital Becoming Interested—Means Several Hundred Families.

With the picking up of the financial conditions, the prospects of bringing the S. W. C. hat factory, which is now located at Richmond, Ind., to this city with its several hundred skilled workmen, are taking on a considerably brighter shade. Within the past six weeks a number of Fort Wayne capitalists have consented to purchase some of the new stock it is hoped to issue and as several sites are already being considered for the factory, it is more than likely that it will be a Fort Wayne institution within a month or so.

The Richmond company is capitalized at \$25,000 and the officers and directors are very desirous of increasing it to \$50,000, so that the business can be extended. But facilities to handle a larger business in Richmond are cramped and for this reason they have selected Fort Wayne for their new home if they can possibly make a change. The business has grown considerably in the past year, when the general business conditions, which have existed during that time, are brought into consideration. The capacity of the factory at present is two hundred men, but if the factory is moved to this city probably another hundreds will be needed and as only skilled workmen are employed, it would mean the importation of several hundred families here.

The Commercial club some time ago became interested in the project and sent a committee to Richmond to visit the factory. Since that time the proposition has apparently been laying dormant, but there is now evidence that such has not been the case. From present indications, all the additional \$25,000 of stock can be sold in this city, as half of it has already been practically subscribed for. Somers & Kennerk are the local attorneys for the company and a line of samples are now on display in their offices.

WILL GIVE ADDRESS ON GUARANTY OF BANK DEPOSITS

Local Bank Clerks to Be Addressed by C. H. Worden on October 22nd.

The officers of the Fort Wayne chapter of the American Institute of Banking are already planning big things for the coming winter season and arrangements have been made with Charles H. Worden, vice president of the First National bank, to deliver an address to the members of the chapter on Thursday evening, the 22nd of this month, on the guaranty of bank deposits. Mr. Worden but recently returned with C. S. Bond, of the Old National bank, from Denver, where the National Association of Bankers met in annual convention and where this question was the cause of much discussion.

Mr. Worden took an active part in the debate over the question and he is especially able to give the local organization of bank clerks a very helpful and interesting discourse on this subject. The meeting on that evening will probably be held in the Commercial club rooms.

Secretary George Bittler, of the local chapter, is receiving inquiries daily from eligible bank clerks in cities within a radius of fifty miles of Fort Wayne asking for information in regard to the chapter. It has been decided to admit into membership all bank clerks in cities not more than that distance from here and a letter will soon be sent to each one of them giving them a special invitation into the membership.

DR. W. E. HARDMAN

FORT WAYNE, INDIANA

No physician can expect to CURE these CHRONIC and DEEP-SEATED diseases until he has made a thorough examination and definitely located the cause of the trouble. The human body is much too complicated for one man to thoroughly understand every part of it.

There are too many diseases that mankind is subject to for any one physician to fully understand and treat. Hence it becomes necessary in order to accomplish the best results to take up and make a special study of a certain region or a group of diseases that by their nature are allied to one another.

There are many who are satisfied by a hasty inquiry or a superficial examination, and are blindly led into given palliative remedies, which though temporarily relieving the symptoms, ultimately discourage the sufferer, because of a recurrence of the disease. I do not treat symptoms. I CURE the disease and the symptoms disappear.

Years of experience in the treatment of PELVIC, NERVOUS and CHRONIC DISEASES have enabled me to perfect methods that will POSITIVELY CURE where the ordinary methods have failed.

Thousands of men and women are dragging out lives of suffering and torture because of some chronic or deep-seated disease that is sapping their vitality, lessening their ambitions, breaking down their nervous system and as surely ruining their chances of successfully competing with their fellow men.

In this day of active competition to attain that measure of SUCCESS for which we were intended, it is absolutely necessary that all the faculties should be unimpaired. Nearly all NERVOUS DISEASES, including NERVOUS BREAKDOWN, are the direct result of a disease of one or more of the Pelvic Organs.

TIME PROVES ALL THINGS AND WISE PEOPLE INVESTIGATE.

If you will give me just one-half the chance with your case I will give you the CURE you have paid others for.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without the knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

PROSTATIC ENLARGEMENT—Results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

ECZEMA and other skin diseases quickly and permanently cured.

FREE EXAMINATION—I charge you nothing for this examination and if I accept your case for treatment the door of HEALTH is open for you, no matter what your past experience may have been.

IN THE CITY'S CHURCHES

MANY DELEGATES ARRIVE FOR GREAT BAPTIST CONVENTION

Opening Session to Be Held This Evening at First Baptist Church.

With an address of welcome by Rev. John F. Vichert the seventy-sixth anniversary convention of the Indiana Baptist association will be formally opened this evening at the First Baptist church. Several hundred delegates have already arrived and the conference promises to be a red-letter event in the history of the association. Following Rev. Vichert's address the response will be given by Rev. F. M. Huckleberry, of Seymour, Ind., president of the state convention. The opening sermon of the convention will be delivered by Rev. Wilson Whitney, of Bedford, Ind., and is anticipated with considerable pleasure by all who will attend the session. Committees will be appointed after the sermon and the annual report of the treasurer will be presented by Hon. J. W. Billingsley.

A galaxy of notable speakers has accepted the invitation to attend the convention and will be heard during its three days' sessions. Among those who will deliver addresses are Prof. Shaller Mathews, dean of the Divinity school of the University of Chicago; Rev. W. T. Stott, LL.D., president emeritus of Franklin college; Rev. Charles J. Cook, D. D., of Bloomfield, Ill.; Rev. T. L. Kettner, D. D., of Chicago; Rev. H. P. Klyver, D. D., of Peru, Ind.; Rev. R. D. Licklider, Indianapolis; Rev. H. N. Spear, Elkhart, Ind.; Mrs. C. M. Carter, Muncie, Ind., and Mrs. N. B. Leslie, Connersville, Ind.

Throughout the sessions mission work will be one of the leading topics of discussion and the personnel of speakers includes Dr. Eubank, of China; Rev. F. H. Levering, Secunderabad, India; Mrs. W. F. Hopkins and Mrs. John Naveen, of Chicago, who have been engaged in missionary work in India; Rev. S. C. Fumer, representative of the American Baptist Home Missionary society for the middle west; Rev. W. E. Pope, superintendent of State Missions; Rev. S. L. Roberts, who will present the report of the committee for general work in home missions, and Rev. O. R. McKay, who will present the committee report for general work in foreign missions.

The large attendance at the convention will be on Thursday when State day will be observed and hundreds of the Baptist Brotherhood from all sections of Indiana will attend the sessions and in the evening assemble at Saengerbund hall, where at 6:30 o'clock a mammoth banquet will be served. So enthusiastic is the Brotherhood over the occasion that a special interurban car will be run to this city from Indianapolis, bringing many members from the state capital and vicinity.

Everything is in readiness for the reception and entertainment of the delegates and visitors during the state convention. Committees have been actively engaged for several weeks past and Rev. J. F. Vichert with his corps of efficient and co-operative workers have left nothing undone that would contribute to the auspicious observance of the Baptist gathering.

Y. M. C. A. Annual Election.

The annual election of officers and board members and the reading of the secretary's report were the important events of the annual meeting of the Railroad Y. M. C. A. on Monday evening. Reports read by the secretary, J. W. Burns, demonstrated the finances of the association are in excellent condition, and that with the payment of all debts there is still a surplus in the treasury. The members are highly gratified with the work of the year and are confident that the organization is making commendable progress.

The officers of the association for the coming year were elected as follows:

President—Martin S. Willson.

Vice President—B. Paul Mossman.

Secretary and Treasurer — R. H. Mauk.

Mr. Mauk was elected to succeed himself.

The governing board is composed as follows: City department—J. M. McKay, S. F. Bowser, E. A. K. Hackett, B. Paul Mossman, Railroad department—M. S. Willson, R. H. Mauk, H. A. Philley, C. D. Emmons and T. H. Doty. Of these Messrs. Hackett, Mossman, Philley, Doty and Emmons were elected last night, the terms of the other members holding over another year.

Trustees are as follows: City department—J. M. McKay, B. Paul Mossman, S. F. Bowser. Railroad department — C. R. Colmer, Crawford Griswold, C. D. Emmons. Of these Messrs. Emmons and Mossman were elected last night, the terms of the others holding over one or two years.

E. E. Stacy, of Indianapolis, state secretary of the Railroad Y. M. C. A. was in attendance at the meeting and gave an address urging as many delegates as possible to attend the forthcoming state convention at South Bend.

Christian Church Training Class.

The class in "Training for Service" at the Third Church of Christ has grown beyond all expectations. The class adopted as its motto in the beginning, fifty students. This number was soon passed and seventy-five were accepted. The class has now adopted as its slogan a "Century Class." In this state there are over 7,000 people enrolled in training classes and throughout the union the enrollment is over 102,000, thus demonstrating the remarkable success and progress of the benevolent work.

On Sunday evening, October 25, Rev. H. E. Stafford, pastor of the Third Church of Christ, will deliver a special sermon to the railroad men, all of whom are cordially invited. On the following evening, October 26th, the pastor will begin preparatory services to be held every evening until later in the month, when evangelistic meetings are to be conducted.

Presbyterian Brotherhood Election.

At the meeting of the Brotherhood of Andrew and Philip, of the Third Presbyterian church, the annual election of officers resulted as follows: J. Roy Matlack, president; C. M. Chambers, vice president; William Woodside, recording secretary; M. B. Knouse, corresponding secretary; Charles H. Marshall, treasurer.

Rev. Frank M. Fox, D. D., pastor of the Third Presbyterian church, has gone to Gosport, Ind., where he will spend a fortnight with his brother, who is a physician there. The pastor is recovering nicely from the effects of his recent operation and hopes in a

short time to be able to actively resume his pastoral duties.

Wednesday evening's mid-week devotional service at Wayne street Methodist Episcopal church will be in charge of the class leaders, all of whom will make a special effort to have their members in attendance. Immediately after the prayer service there will be a meeting of the Sunday school board.

Meetings of King's Daughters.

St. Cecilia's circle of the King's Daughters of Wayne street Methodist Episcopal church, will hold a business and social meeting at the home of Mrs. W. G. McMaken, 3202 Beaver avenue on Friday afternoon at 2:30 o'clock.

Good Cheer circle of the King's Daughters of the West Jefferson street Church of Christ will meet on Friday evening at the home of Mrs. Charles M. Urschel, 835 Edgewater avenue.

Following the prayer meeting at Bethel Evangelical church tomorrow evening there will be a meeting of the Sunday school teachers and the Bethel Young People's alliance.

Presbyterian Church Notes.

D. Y. Schultz, of the Bible Training school, has been secured to conduct the bible class at the First Presbyterian church. Those interested are invited to join this branch of the Sunday school and to attend regularly.

The regular monthly meeting of the Men's club of the First Presbyterian church will be held at the church on Thursday evening at 8 o'clock. George A. H. Shideier, of Marion, Ind., formerly warden at the Michigan City penitentiary will speak on "Prison Reforms."

On Wednesday evening at the First Presbyterian church the mid-week devotional service will be held at 7:30 o'clock. Rev. Henry B. Master will give the second in a series of addresses on "Some Inconspicuous People of the Bible."

Among Lutheran Societies.

The sewing society of Trinity German Lutheran church will be entertained on Thursday afternoon at the home of Mrs. Oswald Schoenherr, 619 Union avenue.

The College Sewing society of Emanuel Lutheran church, will hold the regular monthly meeting in the school hall on Wednesday afternoon. On Thursday afternoon the Tabernacle society will meet in the hall.

On Wednesday evening at St. Paul's Lutheran church there will be a meeting of all of the official boards of the local Lutheran churches of the Missour synod. Missions will be the topic under consideration and the meeting will be addressed by Rev. Paul Stoepelworth, pastor of Trinity German Lutheran church.

The singing society of St. Paul's Lutheran church will meet this evening in the parochial school hall, Teacher Schrader directing the meeting. The Young Ladies' society of the church will meet at the hall on Wednesday night, and the church orchestra on Thursday night.

A number of young ladies enjoyed the hospitality of Miss Margaret Vesey this afternoon in honor of her guest, Mrs. Arthur Suttles, of Decatur, and of Miss Charlotte Birnie, of Portland, Me., who is visiting Miss Evelyn Sawyer with them, but Miss Vesey had arranged to have a musical guessing contest and that occupied the most of the time. The rooms were decorated with chrysanthemums and flowers were given as favors at supper.

The wedding of Miss Clara M. Gaff and Andrew J. Schele will take place tomorrow morning in St. Mary's Catholic church. Mr. J. H. Oechterling will officiate. Miss Teresa Woehner and Al Woehner, niece and nephew of the bride, will act as attendants. The wedding will be a quiet one owing to a recent bereavement in the family of the groom.

A wedding of tomorrow morning which will be celebrated in the Church of the Precious Blood will be that of Miss Rose Fuhs and William Schenkel. Rev. C. Hummer will officiate at the nuptial mass.

Miss Loretta M. Reed and John Charles Timme will be united in marriage tomorrow morning in the Cathedral at 9 o'clock. Miss Augusta Timme, a sister of the bridegroom, and Raymond D. Getz, a cousin of the bride, will be the attendants. Rev. P. F. Roche will officiate. The nearest relatives will be present at the wedding breakfast, which will be served at the home of the bride's parents, Mr. and Mrs. John J. Reed, 224 East Columbia street.

Trinity Lutheran church will be the scene of the wedding of Miss Minnie Hauschild and Andrew Koehler tomorrow afternoon at 3:45 o'clock. Rev. Paul Stoeppelwerth will perform the ceremony.

A breakfast at the noon hour was the entertainment given today at the home of Miss Bertha Cour, of East Jefferson street, in honor of Miss Edith Coverdale. Miss Clymer Lacey was the assisting hostess and the company were intimate friends of the coming bride. Miss McQuiston, of Delaware, O., was the only out of town guest. Covers were laid for eight. The decoration were exceedingly pretty and appropriate. The chandelier over the table was wreathed in smilax and white tulle. From the center extended wide ribbons, one to each plate, to which was attached a small white wedding bell, trimmed with smilax. The place cards were suitable pen and ink drawings.

Mrs. E. C. Rurde is in Chicago for a few days' visit.

Mr. and Mrs. J. C. Peters have returned from a trip to West Baden.

Mrs. I. C. Chadwick, who has spent several weeks with Mr. and Mrs. Jenne, has left for her eastern home.

The Slim Woman is Winning

The day of the slim woman's triumph has arrived. "The thinner one is the more stylish," say the dressmakers. This would have been sad news for the fat woman a year ago. She would have had to try dieting or exercise. Nowadays, however, the woman who is too fat for the style goes to a druggist and gets a case of Marmola Prescription Tablets, one of which she takes after each meal and at bedtime and so reduces her superfluous flesh quickly.

These tablets, being made in accordance with the famous prescription, are perfectly harmless, and they are, also, the most economical preparation a person can buy, for they cost only 75 cents a large case, one of which is frequently enough to start a person to losing fat at the rate of 12 or 14 pounds a day. Pretty nearly every druggist keeps this tablet in stock, but should yours be sold out, you can easily obtain a case by sending to the makers, the Marmola Company, Detroit, Mich.

The New Redingote Frock

WORN BY MISS RUTH MAXWELL OF GIRLS CO.

The first crisp autumn weather brings forward this practical redingote costume that is a cross between the out-of-door coat and the indoor toilette. The redingote is intended solely for wear on promenade, and its special claim to feminine favor is because it is not as bulky as the usual coat, but outlines the figure in the popular silhouette effect of this year.

The redingote, of course, fastens down the front and is fashioned with narrow sleeve, big revers, short waist and long, sweeping skirt. The arrangement of the satin grille in this model—starting from under an embroidered motif of the cloth—is worthy of special note.

Creams and Lotions That Nourish the Skin in Cold Weather Substituted for Summer Toilet Articles.

To say that the complexion requires more care at one season of the year than at another would be an absurd statement, but if there is a period when any treatment that will improve the skin should not be neglected, it is just before cold weather begins. And any woman who understands the deleterious effects of frosty winds, and who would preserve, nourish and beautify her flesh will select in the early fall cleansing lotions, etc., that agree with her complexion during cold weather, for creams, etc., applied in the summer months often are a detriment if used when the days are cold.

As an illustration of this statement, I know that the use of a saturated solution of borax—highly recommended for application in the summer—must not be put on the face during cold weather, because it has a drying effect that is exceedingly hard on the healthiest skin. Grease, to the contrary, that is an almost essential application in hot weather is a necessity when the days are cold.

Yet many of the fair sex have a prejudice against using cream in the quantities needed to free the pores of dust, declaring it makes the skin look greasy. Despite this feeling I think every woman should apply a cold cream, for some cleanser besides soapy water is required to not only clear the complexion, but to prevent its being hardened by harsh autumn winds.

Apply Cold Cream Generously. When an oily lotion that agrees with the skin is secured it should be wiped

"There's a Reason"

Into the face, rubbed around the throat and behind the ears as soon as one comes indoors. If this is wiped off immediately afterward, with a soft old bit of linen, it will bring all impurities that water would not dislodge. Then the face may be bathed with warm, not hot, water, and thoroughly dried on a very soft towel. It is impossible to give too much attention to removing all moisture, else the skin is likely to chafe.

Then a lotion that modifies any action of low temperature must be put on. One that is extremely simple and very good is made of half an ounce of powdered borax, an ounce of pure glycerine and a quart of camphor water. If I had my way this would be a substitute for plain water for cleansing; it is inexpensive and refining in effect. A woman whose face is not exceedingly dry will find this liquid highly beneficial, without a previous application of cream, and she may apply it any number of times through the day, and at night before going to bed.

After the cream has been used so that an acid whitener may be put on without injuring the flesh, I would advise applying a simple bleach made from two tablespoonfuls of fresh lemon juice, a pint of rose water and a drop or so of attar of roses. Like the other lotion, it is a substitute for water, and will remove grease. Either of these can be used at night as well as through the day.

Rather an odd fact that few women realize in connection with treating the complexion is that in addition to the care of the face, the throat and upper part of the neck must be greased and massaged, for unless they receive the same kind of treatment the quality of the skin will be entirely different. Therefore if water is to be abandoned, or subordinated to softening lotions that are cleansing, the whole surface must be gone over.

SOME PEOPLE CANNOT EAT SAUSAGES OR FRESH BREAD

Or Any Other Such Foods Without Fear of Stomach Distress.

When your stomach is weak or lacking in gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapepsin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the Stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapepsin is an Antacid, most powerful digestive and thorough regulator for weak stomachs. These Triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good Pharmacy here will supply you with a case of Pape's Diapepsin for fifty cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your Stomach in full health and by tomorrow you will forget the misery of Stomach trouble. Your case is no different from many others. It isn't Stomach Nerves or Catarrh of the Stomach, or Gastritis, or Dyspepsia. It is Food rotting—Food Fermentation—that's all—and takes about five minutes to overcome.

Judge R. S. Taylor will address the Kendallville Taft and Sherman club Wednesday evening.

Judge W. J. Vesey, republican nominee for joint senator, will be the official pilot for Governor Hanly in his tour of Adams and Allen counties next Saturday. Judge Vesey will meet the governor at Bluffton with his automobile and take Mr. Hanly to Borne, where he will speak in the afternoon, and where Judge Vesey and N. B. Hawkins, of Portland, candidate for congress in the Eighth district, will also be heard. At the conclusion of the afternoon meeting Judge Vesey will bring Governor Hanly to Fort Wayne in his automobile.

The Fort Wayne Federation of Labor at its meeting Monday evening appointed a number of committees to take charge of arrangements for the coming of President Samuel Gompers, of the American Federation of Labor, to Fort Wayne Friday evening. The committees were:

Reception Committee—F. J. Schwantz, E. Lampke, Carl Shober, H. C. Hoeltje and C. J. Frank.

Arrangements Committee—Henry P. Scherer, John Daley and F. W. Rippe.

Visiting Committee—H. J. Straub and C. J. Frank.

The reception committee, together with the officers of the local federation, will go to Kendallville Friday afternoon to meet Mr. Gompers. A large division of organized labor will also act as an escort for Mr. Gompers to Princess rink, where his address will be delivered.

By a vote of 17 to 16 the Fort Wayne Federation of Labor Monday evening refused to endorse the communication from the American Federation of Labor setting forth the stand taken by its legislative committee on the political situation and by President Gompers. The communication was merely placed on file. It is said that opposition to the endorsement came very largely from members of the federation who are affiliated with the socialist party.

AN EXPENSIVE CONVENTION.

The biennial convention of the Brotherhood of Locomotive Firemen and Engineers which closed Sunday at Columbus, after a three weeks' session, cost the brotherhood \$150,000, according to the statement of Grand Secretary and Treasurer W. S. Carter. Eighty-five thousand dollars of this sum was paid to about 500 of the delegates Sunday afternoon in two hours, the fastest piece of banking business of the kind ever done in that city. This does not represent near the sum paid to delegates, as many drew their money regularly, others took their checks home with them while others went home without theirs and will receive them by mail.

Judge O. N. Heaton will preside at a republican meeting to be held at Middletown schoolhouse in Marion township Wednesday evening, with W. C. Geake and E. V. Harris as the speakers. The Tenth ward quartet will accompany the party and sing at the meeting.

On Wednesday evening democratic meetings will be held as follows: St. Joe Center, Cyrus Cline and A. E. Thomas Nine Mile (Marion township), Judge R. K. Erwin and H. Kennerk; Lombard street and Maumee avenue, Hon. J. M. Robinson and H. C. Underwood; Ninth ward, Guy Colerick and Carl Yable; Madison township, school No. 4, Judge S. M. Hench and A. M. Schmidt.

Democratic clubs of both city and country are preparing to give a royal reception to Hon. John Sharp Williams, of Mississippi, who comes to Fort Wayne to deliver an address at Princess rink Thursday evening. The favor of this distinguished southern orator is a guarantee of a magnificent audience to hear him.

Chicago, Ill., Oct. 13.—George Mullin and "Ty" Cobb starred in the engagement between the Cubs and Tigers yesterday. While Detroit was slaughtering the slender shoots of Piester, Geo. Mullin was holding the Cubs pretty close to their knittings.

The Cubs scored three runs in the fourth round, but these were not laid at Mullin's door. An error by Bill Coughlin on a flyer grounder that should have been the first out gave the Cubs an undeserved ease of life and the three runs came after that. At far as Mullin's work was concerned the Cubs would have been blanked. He pitched a star game all the way and kept the seven Cub hits well scattered.

J. Piester was easy money for the Tigers after they once got after him. They got him for two hits and one run in the first, but he tightened and there was nothing stirring for the visitors until the sixth inning. This same sixth was a error from the local point of view. In that time the Tigers asked one two bager, four singles, a base on balls, and a sacrifice for a total of five runs. The round was reminiscent of the ninth inning of Saturday's game and the eighth of the Sunday battle with the reverse English.

Tyrus Raymond Cobb, who was dubbed the "Lemon of the world's series of 1907," was the bright shining star of the Detroit cohorts. Ty has been nibbling at the Cubs' twirlers for the first two games, but yesterday he got Piester's measure to a nicety. In five times up he slammed out one two bager and three singles. His batting average for the day was .800 and for the series so far he has a record of seven hits in thirteen times at bat for a mark of .538.

Ty did not confine his easy money collection to Jack Piester, but took a crack at Johnny Kling in the ninth inning. Ty has had a grudge against Kling for a long time, and he says Johnny has boasted how he talked Cobb out of making hits and threw him out of stealing bases in the last big series. Yesterday was Ty's first chance to get a laugh off Kling. He singled to left with two out in the ninth. First he stole second by a fair margin and then he got Johnny's goat by deliberately stealing third and beating the low throw by a narrow margin.

Ty had a good laugh at Johnny's expense and when he was leaving the grounds he wore a happy and contented smile. He was beginning to get even with the Cubs for the manner in which they treated him in the last series, when he was having his first experience in a world's championship contest. The score:

ELKS WIN A SERIES IN FIGHT WITH SUPERBAS

Hard Rooting Marks the Games at St. Mary's Club Alleys.

The Superbas dropped out of first place in St. Mary's Athletic club league last night after taking the first game from the Elks, dropping the series by a score of 2 to 1.

Interest in the race was at a high pitch and there was a big crowd on hand to root for both teams. There was an evident desire to keep the Superbas from holding the top of the column and some of the best bowlers went a little to the bad in the excitement.

A number of bowlers who are members of clubs on public alleys are seeking admission to the St. Mary's league as they are able to control their own organizations and if this keeps up it may be necessary to organize more clubs and increase the number in the league. The equipment is in fine shape and the conditions are proving very attractive to the bowlers. The score:

ANDERSON SOUGHT AS MANAGER.
Former South Bend Outfielder May Lead Zanesville Team.

["Goat" (Zanesville Signal.)
Anderson, former South Bend outfielder, may be the 1909 head of the Indians. "Goat" would give most any old thing to get back and (this is strictly under cover) the local directors wouldn't mind having him here.

Be it known, at any rate, that Anderson is receiving the most favorable consideration at the hands of the big noises in local baseball. Here's how they figure: Buy Anderson's release from the Providence club of the Eastern league, which club now holds his contract. And it is whispered about that the directors have investigated so far as to learn just how much they will have to pay for his release. It isn't a big figure, either.

Anderson subbed here in Zanesville under Fowler. Later in the Central, with South Bend, he led all the outer guardsmen and was grabbed by Pittsburgh. He either let down in his big hitting and running gettings over there or the Pirates figured he wasn't ripe, for he was later shunted over to Providence, where he is now doing well.

Four applications have been received by the directors for this job—Phil Nadeau, Bill Miller, Pop Schriver and Frank Killen, umpire.

COBB TOPS BATTING LIST IN GREAT SERIES

The Youngster is Showing the Old Heads He is a Hitter.

"Ty" Cobb is showing the old heads in the National league that he earned the leadership of the American league as the top notch batter because of his ability to meet the ball and he now leads all of the players engaged in the world's series by a big margin.

He has been at bat thirteen times, as many as any other man in the great battles, and has seven hits to his credit which gives him the big average of .538. This feat is the more remarkable because he has been up against the best squad of pitchers in the world and all of them have been right when he reaped his rich harvest of bingles.

Last year he was unlucky but he has come back this season and the probability point to the fact that he will beat all the batters out in the course of the series. His fielding record is perfect and unique from the fact that he has had only one chance in the four games played. Frank Chance has four stolen bases to his credit and Tinker and Cobb are tied with three apiece. Chicago has piled eleven bags on Schmidt and Thomas and Johnny Kling has allowed only five sacks to be stolen and Cobb has three of them. The batting averages follow:

PIRATES STOP INVASION PLAN.
Block Only Chance of American Association to Enter Pittsburgh.

Pittsburg, Pa., Oct. 13.—Through the purchase of the new ball park in Pittsburgh at the cost of \$800,000, the Pittsburgh National league ball club has effectually barred the doors of this city to the American association which for more than a year past has been flirting with Pittsburgh.

Twice during the past year was the American association told on request for information that it could have a long lease on the Carnegie ball park here, and it is rumored that President O'Brien was guaranteed \$200,000 by certain Pittsburgh men if he would on any bring one of his western franchises to this city.

Twice did the American association start in this direction, and twice did it hesitate. All the chance is now gone since the Pittsburgh National league club has bought the park, and there is no other park available.

YOST PUTS ON THE LID.
Starts Secret Practice at Michigan and Scores Varsity Eleven.

Ann Arbor, Mich., Oct. 13.—The varsity foot ball practice last night was held behind barred gates, entrance being denied even to newspaper men. In addition players were forbidden to give out any information of practice, and as a result the annual lid is on. Yost himself had little to say, but admitted that he felt pretty sore at being tied by the Farmers.

Curtis G. Rodden, next to Neil Snow, the greatest end Michigan has ever produced, reached Ann Arbor to play, and will act as an assistant coach, at least until the Ohio state game. Rodden, who was captain of the foot ball and base ball teams in his senior year, will have charge of the ends, and will help coach the forwards.

Practicing last night consisted of a hard signal work-out, lasting two hours and a scrimmage of about thirty minutes. In the scrimmage the varsity presented a crippled line-up as several of the regulars were hurt in the game with the Farmers Saturday.

JOHN J. MCGRAW BUTTS INTO ANOTHER HARD LUCK FIGHT

Tries to Square With John Kelly and Gets Good Licking for It.

New York, Oct. 13.—Bad baseball luck is certainly following John J. McGraw, the scrappy little captain of the Giants. Right on the heels of his pennant effacement by Mordecai Brown, who used only three fingers, "Honest" John Kelly comes along, uses both hands, and McGraw won't be seen on the field until certain Italian sunset effects around both eyes fade out.

Broadway is all a-titter with the story. The incident occurred at about 2 o'clock on Sunday. It has long been a white light family scandal that "Honest" John and "Mac" haven't spoken for two years. Just what was the trouble no one seemed to know.

McGraw has been feeling mighty poorly since that "three fingered" affair at Polo grounds, and it was apparent to everybody who met him on Broadway Saturday night he was letting off a little steam.

He went over to Considine's corralled three friends, and took them after the supper he went to the entrance to the billiard parlor, which is in Forty-second street. "Honest" John was standing there, and when he caught sight of "Mac" his face shone like a red semaphore. Something told McGraw that a danger signal was set, so he sent one of his friends to clear the track. The friend suggested that "Mac" was ready to patch up those differences of two years' standing.

Kelly shook his head. McGraw was standing near by and saw the shake. He strode forward, and was about to open negotiations himself, when "Honest" John said: "Keep clear, McGraw, I don't want to have anything to do with you."

"Then I'll bring you to it," McGraw replied. "There'll be trouble if you don't leave me alone," Kelly said. "I can thrash you the best day you ever saw."

McGraw harked back in memory to an event ten years ago, when "Dude" Esterbrook, third baseman on the old New York team, invited "Honest" John, who was then league umpire, into the basement of the clubhouse. They do say that when "Honest" John and the "Dude" let up after ten rounds the former looked much like McGraw did last night.

"You're a hasbeen and I've got to spank you," McGraw told Kelly. "Look out for me; I'll come a-running and I warn you," Kelly shouted.

McGraw started forward as if about to beat out a hit. Kelly met him with blinding swiftness. Witnesses say it may have been steam which befuddled McGraw. Anyway, Kelly swung both hands, every swing good for a three bagger or home run.

McGraw had not been hit so hard for many days. The sidewalk was the bench. He was sent to it within a little more than thirty seconds after the game started. Friends interfered and dragged "Honest" John away. A cab was summoned and McGraw bundled inside. He was driven to his home on West One Hundredth and Twelfth street and staid in all day.

NOTRE DAME HAS HARD WORK Gives Strenuous Practice in Preparation for Game With Michigan.

Notre Dame, Ind., Oct. 13.—A strenuous regime of foot ball practices was started yesterday afternoon, the Michigan contest of next Saturday being on the minds of the coaches.

A snappy signal drill and a satisfactory scrimmage kept the men busy. The ball was given to one side and then to the other, according to the fancy of the coaches. McDonald made a touchdown for the varsity from the ten yard line.

Toward the latter part of the practice the varsity rushed the ball from the center of the field to the second's two yard line in three successive plays. "Dike" Scanlon, varsity basketball captain and catcher on the 1908 nine, joined the squad yesterday, playing end in the signal drill.

LOW VITALITY

A Dangerous Attendant Symptom of Anemia.

Many Serious Disorders May Result from Impoverished Blood but Dr. Williams' Pink Pills Prevent and Cure Them.

Besides the thinning of the blood in anemia there is a low vitality which is a matter for serious consideration, because it gives opportunity for any latent trouble to develop. Thus, anemic (bloodless) people often have reason to fear consumption, and the blood failing to give proper nourishment to the nerves, debility, neuralgia, and even some form of paralysis may result.

Mrs. B. L. Harrod, of 413 South Ohio avenue, Muncie, Ind., recommends Dr. Williams' Pink Pills because they restored her to health when all other medicines failed. "Fifteen years ago," she says, "when I was living at Bellefontaine, Ohio, I was suffering with anemia. I was pale and had a wax-like color and was so short of breath that I couldn't go up stairs without stopping to rest or couldn't stand the least little exertion. I was run down and very thin, didn't feel like eating and didn't want to talk to or see anyone. My heart would palpitate so that I would feel weak. I couldn't sleep well, coughed constantly and had pains under my shoulders. I was so miserable that I wanted to die."

"The doctors told me that my blood was turning into water, and that I was going into a decline and asked me if there had been any consumption in my family. They didn't help me at all and I had read so much about Dr. Williams' Pink Pills that I decided to try a box of them. They helped me so much that I gave up all other medicine and placed my faith in them alone. I took several boxes and in a few weeks was completely restored to health. I became strong and healthy and was able to work again. I know Dr. Williams' Pink Pills saved my life and I heartily recommend them."

A helpful booklet "Diseases of the Blood" giving more information about anemia will be sent free upon request. If you are suffering from impoverished blood you cannot afford to wait another day before giving Dr. Williams' Pink Pills a thorough trial. They are for sale by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

IN THE THEATERS

A strong and beautiful play is "The Girl I Left Behind Me," which Our Own Stock company is playing at the Majestic every day until Thursday of this week. The house was packed last night and the large audience manifested its delight at the presentation at frequent intervals and by several curtain calls. The story is a thrilling one. Its spirit of patriotism appeals to men and women alike and its romantic interest is equally powerful. In general the individual parts are well handled. In many ways Miss Dunbar has the prettiest role she has had in the stock company. Her emotional work in the third act is very fine. Mr. Huntington has a part in Lieut. Hawksworth that is attractive in itself and he plays it delightfully. Miss Gillingwater has a better part than she has been seen in here before and she is more than pleasing as Lucy Hawksworth. Miss Mohrie and Mr. Jones have the comedy roles and entertain the audience with their fine touch of lightheartedness and frank loquaciousness. The appearance of the Illibrian Rifles in the first act is thrilling.

The play does not depend altogether upon the acting of the various members of the company to be satisfying. The numerous stage pictures, the dramatic quality of the situations, the picturesque appearance of the Indians, especially of Miss Gerard as Fawn and Mr. Packard as Ladru, combine in making the play one of great strength and beauty. The flags about the post and barrack room together with the distant war cry of the Indians mingling with the sound of music in the ballroom, while in the foreground Kate is pleading with her father to tell her the worst as they wait for the return of Lieut. Hawksworth, are of breath-holding interest. Then when the brave courier on his splendid horse rides on the stage there is a burst of enthusiasm from the audience not often heard in a theater. It is a splendid scene.

Altogether the performance is remarkable for a stock company to be producing. Both Mr. Rice, manager of the theater, and Mr. Huntington, leading man and director of Our Own Stock company, have reason to congratulate themselves on the high degree of success they have attained in producing this big play. The performance is one that can be seen several times and it is safe to predict that many people will not only go twice to see the play, but will find new beauties and fresh cause for enjoyment each time.

By singular coincidence Ethel Barrymore will, during her coming engage-

EIGHTY YEARS OLD

Joseph Bankson, a Prominent Insurance Man and Much Esteemed Citizen of Bethany, Ill., Strongly Recommends

VINOL FOR OLD PEOPLE.

"I am past eighty years of age and for some time I had been losing strength and suffering from chronic cold and lung trouble, until I was seriously ill and could not go out of doors. My son sent me some Vinol. I commenced to take it and it has simply worked wonders for me. I feel better and stronger than I have for years, and my cough is all gone. There is no other medicine equal to Vinol to build up health and strength for elderly people." Joseph Bankson, Bethany, Ill.

This is because Vinol is the best cod liver and iron tonic in the world. It creates a hearty appetite, strengthens the digestive organs, makes rich, red blood and replaces weakness with strength. The beneficial effect of Vinol in cases of feeble old people is simply remarkable.

We invite all old people, delicate children, weak, run-down persons, convalescents, or those suffering from chronic colds, coughs or bronchitis in this vicinity to try Vinol on our offer to return their money if it does no good. We make this offer to show our faith in Vinol. Meyer Bros. Co., Fort Wayne. Three big stores.

ment in New York city in "Lady Frederick," play in opposition to her uncle, John Drew, who is presenting "Jack Straw." Both of these comedies are from the pen of W. Somerset Maugham, now generally regarded as one of the cleverest of the English playwrights. In "Lady Frederick" Miss Barrymore impersonates a dashing young Irish gentlewoman, a widow, living far beyond her means. Lady Frederick Berolles, and the part is, it is said, so well suited to her requirements that it could have not been better had the play been written especially for her. Supported by an admirable company, including Bruce McRae, who is her leading man, Charles Frohman will present Miss Barrymore at the Majestic Friday evening.

At the Temple Theater.
Crowded houses yesterday at the Temple theater again demonstrated not only the popularity of the playhouse but the excellence of this week's bill. Indeed it is one of the greatest bills of entertainment that Manager Stouder has collected. Fun, laughter and scream, and then more of all of it—that is the order of things at this playhouse.

First there are the five Sullys, any one of whom might be enough under ordinary conditions to furnish entertainment, but when put with the other four can not be excelled in their specialty, a play. There is John F. Sully, Mrs. Grace Sully, and Miss Stella and Masters John and William. Be sure to see them.

Another group of performers are the Japs—Wakabama is the name. They made a go with the audiences yesterday that will be well remembered and duplicated with those who witness the act.

William Curtis and Julia Busse have a number of trained dogs, and the clever work of the animals testifies to their intelligence as well as to the careful training of those in command. It is worth going a distance to see their pretty performing.

May Rodile, a little lady with a number of scare crows are one of the screen producers of the bill. It is certainly to laugh when one sees this act. Then there is Charles Harris whose funny impersonations have pleased vaudeville audiences for many years, still funny, still with something new. Miss Ilda Schnee has a pretty song which she sings with grace and expression.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. Dreier & Bros.

ON THEIR WAY TO CHICAGO.

New York Party Passed Through Here in \$8,000 Italian Runabout.

While on their way from their home in New York to Chicago in an \$8,000 Italian runabout, Mr. and Mrs. E. G. Ridgway passed the night in this city last evening. The car in which they are traveling is probably one of the largest ever seen in this city, having a wheel base of 136 inches and being over twenty feet long. Three extra tires are carried and there is a baggage compartment in the rear. The car is of the "Flat" make and is of sixty horse power. The party left the city about 3:30 o'clock this morning, expecting to be in South Bend by noon and to eat dinner in Chicago this evening.

He also served two and a half years as chaplain of the state prison at Michigan City.

POE NEWS.

[Sentinel Correspondence.]

Poe, Ind., Oct. 13.—The Messrs. Charles Gallinger, Ernest Schroeder, Fred Buick, Gust Miller and others went to Texas last week on the real estate excursion to see the country and as prospective buyers of real estate.

Mr. and Mrs. A. J. Archbold and children were guests Sunday of his brother J. C. Archbold and family, of Fort Wayne.

Mr. and Mrs. Fred Buick were Sunday callers of Mr. and Mrs. Ferdinand Bultmeier.

Master Paul Newberry returned to his home at Farwell, Mich., last Friday after a two weeks visit with relatives and friends at this place, Bobo and Fort Wayne.

Mr. and Mrs. Thorpe, of Terra Haute, Ind., were guests Tuesday evening and Wednesday of J. W. Fanner and family.

Mr. J. Earl Butler, carrier on R. F. D. No. 1 from Decatur, came out in a new wagon, of modern pattern, painted white and displaying a picture of the national flag.

Mrs. Mary Ayres is visiting in the home of her brother, J. W. Fanner, this week.

Mrs. Ellen Caston purchased Arthur Mullen's property in Poe recently and will occupy the same in the near future. Mr. Mullen purchased the John Davis property.

Mr. Davis expects to remove to Michigan as soon as he can find a suitable location.

Robert Mercer purchased a lot in Bushman's addition to South Wayne.

Some of the Poe young ladies own guns so much that their jaws have the appearance of perpetual motion. It is certainly very entertaining to the observer.

Dr. and Mrs. G. M. Fanner, of Fort Wayne, were guests Sunday in the home of her father, Mr. George Smitley. They made the trip in their auto.

Dr. K. K. Wheelock has returned from an eastern trip of several weeks, during which time he attended a number of clinics.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our throats, chests, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

AT THE AGE OF 102 MARRIED THIRD HUSBAND

Mrs. Charlotte Decker is Dead in New York—Was 110 Years Old.

Schenectady, N. Y., Oct. 12.—Mrs. Charlotte Decker is dead here. She would have been 110 years old on November 27. Her father, Godfrey Reals, was a volunteer in the colonial army and served until the colonies were free. Mrs. Decker could remember of her father telling of the privations of the soldiers at Valley Forge. She remembered the year 1813, when no grain could be raised and it was sold for \$5 a bushel.

Mrs. Decker was married to her first husband, Thomas Preston, in 1818. Following his death she married Albert Brainard. He died ten years ago and in June, 1900, Mrs. Brainard was married to Samuel Decker. He was then 62 and Mrs. Decker 102. She never had but one child, which died in infancy.

A JEWELER'S EXPERIENCE.

C. R. Kluger, The Jeweler, 1006 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." K. OF C.'S WILL BUILD HOME.

The trustees of the Fort Wayne council of the Knights of Columbus at a meeting last evening were instructed to purchase the lot at the southwest corner of Jefferson and Harrison streets for \$3,500. The lot is 120 feet deep and 60 feet wide and is now occupied by several residences. These will be removed and a handsome new home for the members of the local council erected.

INCREASED PAY BEGINS.

With the salary checks which the teachers of the public schools of this city received today they were given the increase provided for in the law which became effective on the 1st of last August. Their salaries now are based upon their marks in examinations and upon their length of service.

THE SHOP AND RAILROAD NEWS

SHOPS TO BE ELECTRIFIED.

Wabash Arranging an Important Change.

Electricity is to supplant steam as power for operating the machinery at the Wabash shops in a short time. Arrangements with that end in view are now in progress. The line shunting will be divided into sections to suit the convenience of the shops and a number of motors will be installed, and so arranged that each will operate its own section independently of the others, thus making it possible to run the shops much more economically than under the present method. When the motors have been installed steam will be used at the shops only to run the air compressors and for heating purposes, the power for driving the motors and machinery to be furnished by the Fort Wayne and Wabash Valley Traction company.

WILL EMBARK IN BUSINESS.

Ralph Snyder Preparing to Open an Office.

Ralph Morrison Snyder, an engineer and architect, for some time employed in the drafting department of the Fort Wayne Electric works, announces that he will open an office downtown about the first of January and will give his entire attention to building construction from an engineering standpoint. He has already been engaged upon an important work of that kind, engineering the construction of the fireproof building which will be erected next spring at the corner of Wayne and Harrison streets for the Fort Wayne Drug company and the C. T. Pidgeon Millinery company. Mr. Snyder is familiar by reason of his long residence here and the attention he has given the subject with the underlying conditions peculiar to this locality and this with his experience and other attributes peculiarly fit him for the work he is going to take up. Property owners and tenants realize the importance of fireproofing structures as it means not only safety to life and property, but a big saving in fire insurance premiums. Mr. Snyder is a charter member of the American Association of Engineering Contractors, whose object is to promote fair dealing among

architects and contractors to the end that they will do good work. A building erected under the supervision of an engineer and architect, such as Mr. Snyder, cannot fail to be well and substantially constructed. He announces that he is ready to make examinations and furnish preliminary sketches and estimates of cost of building whenever called upon.

Engineer Daniel McAfee resumed his duties on the Nickel Plate yesterday after a short lay off on account of sickness and business.

Mrs. W. A. Coulter, whose husband is a Nickel Plate fireman, went to Valparaiso today to visit her parents. Nickel Plate Engineer C. E. Smith was summoned to Bellevue Sunday to attend the funeral of his uncle, who died in that city Saturday night.

Brakeman V. M. Grummons has recovered from his recent illness and resumed his duties on the road.

Conductor J. C. Fletcher, who had been sick, reported for work on the Nickel Plate yesterday.

STOPPED RUNAWAY HORSE.

Machinist James J. Connell, of the Pennsylvania erecting shop, stopped a runaway horse and saved an aged man and woman from injury at Garrett last Sunday. At the risk of losing his life, Connell rushed into the street and grabbed the bit of the frightened horse and stopped it within a distance of 100 feet. Just before Connell caught the horse, one of the wheels of the vehicle collapsed, and it is believed the others would have gone down had the progress of the animal not been checked. The old man and woman were profuse in thanks to Mr. Connell, who modestly hastened away as soon as he saw they were safe. Connell was with the Shamrocks at Garrett Sunday.

EXPECTING SOME CHANGES.

The death by accident of C. E. Johnson, district passenger agent in Denver territory for the Nickel Plate, will probably bring about some changes soon. For the past six or eight years the Nickel Plate has followed civil service rules in filling vacancies and if this rule is observed in filling the vacancy caused by the death of Mr. Johnson it will reach down the line and affect at least two passenger men

well known here. Mr. Johnson was killed in a railway accident nearly a month ago and so far as known no movement looking towards his successor has yet been made. Mentioned as probable successors are C. A. Asterlin, of Minneapolis, and C. A. Melin, of Erie.

WILL HAVE NICE TIME.

A. G. Porter lodge, B. L. F. & E., and the Ladies' Auxiliary, have completed arrangements for the dance and social to be given at the new hall on Thursday evening and are anticipating a very enjoyable time. The program opens with a reception and musical, a banquet and a dance, while provision will be made for playing cards for those who do not care to dance. The ladies will have charge of the banquet. Members of the families of the two orders and the sweethearts of the single brotherhood men will be the participants in the affair.

FREIGHT ON THE INCREASE.

There has been a decided improvement in the freight traffic on the Nickel Plate within the past few weeks and inquiries concerning box cars indicate that there is better business in sight. There is quite a movement of grain and hay to the eastern markets at present, which will increase as the season advances, and anthracite coal is moving quite lively over the line. The increase in traffic will be quite noticeable in the earnings of the trainmen this month also, a fact that the men will appreciate.

FIREMAN TO BE MARRIED.

George E. Allen, a Nickel Plate fireman, will be married early in November to Miss Frances McVey, a sister to Assistant Yardmaster John McVey, of the Nickel Plate. After the ceremony the bride and groom will leave for Connetquot and thence go to Chicago to spend a week or two, when they will return here to take up housekeeping. Both are well known and very popular with their friends.

HAND BADLY BURNED.

Blacksmith Peter Hoerner had the palm of his right hand burned into a blister this morning by catching hold of a hot piece of steel. He was compelled to quit work and seek surgical aid. The injury will keep Mr. Hoerner from the forge, for several days.

INDUSTRIAL NOTES.

Thomas J. Arlington, a Pennsylvania shopman, is sick and off duty.

Nickel Plate Engineer J. B. Maurer has gone to Chicago to visit friends.

Archibald Boland has taken a position as boilermaker's helper at the Bass shops.

Arthur Meins, of the Electric works, is detained at home by the serious illness of his wife.

Machinist J. S. Moran went to To-

ledo this morning to do some special work for the Wabash.

Carl Bonner has recovered from his recent illness and resumed work at the Bowser boiler shop.

W. L. Wilt went east last night on business for the motive power department of the Pennsylvania.

John S. Lee resumed his work on the Nickel Plate yesterday, after a few days' rest.

Mrs. Barry, wife of Nickel Plate Fireman G. T. Barry, left today for Bellevue to visit relatives a few days.

J. A. Anderson had a finger crushed at the Rolling-mills last Saturday. He is the foreman of the shipping gang.

H. S. Borhek, draughtsman at the Pennsylvania shops, has returned from a short visit with his parents in Pennsylvania.

George Jantz, a pipelitter, went to Wabash yesterday to overhaul the heating plant of the Wabash company at that point.

George Knott, of the punch department of the Electric works, is taking a week's lay off to look after some private affairs.

William Dash is absent from his duty in the Bowser boiler shop as the result of an injury to his back last Saturday.

J. B. Davis, who has been visiting in Dayton, Ohio, resumed his duties in the office at the Bowser plant yesterday.

J. S. Baldwin, assistant superintendent of the Rolling-mills, has resumed that duty, after a visit with relatives in Ohio.

A. S. Scott, of Macon, Ga., is here to look into a proposition to become a travelling salesman for S. F. Bowser & Co.

E. C. Odel has been transferred from the incandescent testing room at the Electric works to the transformer department.

Henry Doell, a clerk in the Pennsylvania offices, was taken sick yesterday and was unable to report for duty this morning.

Nickel Plate Fireman F. X. Hilker, W. M. Saunders and W. N. Baker, who had been taking a rest, reported for work yesterday.

A car load of wheels on axles left the Bass works this morning for Marion, Ohio, for the Marion Steam Shovel company.

Supt. Harry Fisher, of the Bass foundry, left this morning for Three Rivers, Mich., on business for the company.

Local Engineer George Cooper, of the Nickel Plate, who had been sick, resumed his place at the throttle yesterday.

Machinist E. C. Rehling resumed his duties in the Pennsylvania erecting shop this morning. He had a foot injured three weeks ago.

Orange C. Frederick, who was one of the suspended men from the Pennsylvania blacksmith shop last fall, resumed his old place this morning.

Mr. and Mrs. J. A. Keplinger have gone to Chicago to spend a few days with friends. Mr. Keplinger is a retired engineer on the Pennsylvania.

Tank Foreman F. DeWitt, of the Wabash shops, and his family, will go to Huntington the latter part of the week to visit relatives a few days.

J. R. O'Leary, of the Pennsylvania erecting shop, had a finger pinched severely this morning and will be off duty a few days as a result of the accident.

Mrs. Frank Schramm, wife of the janitor at the Pennsylvania round house office, will return home tomorrow. She has been in Cleveland two weeks.

B. Entradocker, a patternmaker, resumed work at the Pennsylvania shops this morning. He had been off duty on account of an injured hand a few days.

Machinist Herman Regel, of the Bass works, left at noon today for St. Clair, Mich., to set up and put in operation a Corliss engine built at the works in this city.

Engine 31, which will pull the local freight between Defiance and Toledo, left the shops in this city today, as good as new, and will be put in active service at once.

Until the present rush of work is over, I. Sorg and his gang of men will operate the frame fire at the Pennsylvania blacksmith shop at nights, commencing last night.

John Bechtel and Frank Shepler are now employed at the Bowser works. The former has succeeded Marshall Worden in the stock room and the latter has been transferred to the tool room.

Boilermaker F. H. Rehling, of the Wabash shops, went to Decatur, Ill., this morning to have a growth removed from one of his eyes. The optic has caused considerable trouble lately.

Fireman J. A. Heldrich has resigned his position at the Pennsylvania power plant on Lafayette street and has been succeeded by A. D. Orr. The latter commenced work this morning.

Mrs. Hepp, wife of Blacksmith Foreman C. L. Hepp, of the Wabash shops, will go to Logansport the latter part of the week to visit a few days. Then she will go to Indianapolis to visit other relatives and friends.

H. S. Harrod, inspector of police on the Allegheny division of the Pennsylvania, left for his home today. He had been spending a vacation in this part of the country. Captain Harrod formerly lived here and has a wide acquaintance.

Engineers George Likely and Bert and C. N. Crosby, the two latter father and son, have gone to Lake James for a week's outing. Engineer W. N. Steinhorn, of the same road, is taking a lay off to look after some business.

J. C. Melenbacher, district passenger agent of the Nickel Plate, was in Cleveland yesterday on business for the company. His visit there may be followed by the announcement of a date for the week-end excursion to Chicago which is about due.

At the recent meeting in St. Louis of the board of adjustment of the E. L. E., of the Wabash, August Hessler of Moberly, Mo., was elected chairman to succeed W. A. Hammond, of Peru, and W. K. Sanderson, of St. Thomas, was elected secretary-treasurer.

The announcement of the engagement of Joseph Brake and Miss Edith Hutchinson has been made, the ceremony to take place some time next month. Mr. Brake is stenographer for Road Foreman of Engines C. R. Colmey, of the Pennsylvania, and is a very worthy and popular young man.

Louis Beck and David Ryan, machinists in the air brake department at the Pennsylvania round house, went up the St. Joe this morning expecting to spend a few days in fishing. The length of their stay will be controlled by the luck they have.

Barney Blank is again at work at his trade in the east car shops, tin department, after an absence of nearly a year. He was one of the men suspended when the slump hit the works last November. Since then Mr. Blank has conducted the Prime Delicatessen store on Hanna street, which he still owns.

Machinist Clayton Johnson, of the Pennsylvania, who has been afflicted with blood poisoning for two weeks, was able to attend a meeting of the Federation last night, the first time he was out since his return from the state federation meeting at Vincennes. He will soon be able to report at the shops for work.

To all Interested in Forest Park:

In explanation of the item which appeared in the papers a few days ago, expressing surprise because we withdrew all advertisement regarding Forest Park, we have the following to say.

"We temporarily withdrew advertisements because we are now making arrangements to the following effect: First, to agree with our new purchasers, that they need not make the regular monthly payments, in case they are sick or unemployed. Second, to deliver to the heirs of our new purchasers in the event of their death before they have completed their payments, a clear deed, absolutely without farther payment, or Third, to deliver to the heirs all money paid us with six per cent interest thereon. Fourth, to complete arrangements with Mr. John M. Wendt who has moved here from Pittsburgh, Pa., and who is a real estate man of wide experience to devote all his time in connection with and under the supervision of Mr. Curdes to the selling of the remainder of the lots in Forest Park."

Further information will be gladly given by either Mr. Curdes or Mr. Wendt.

Meyer's Facts About Olive Oil

The consumption of
Olive Oil has increased
one hundred fold and con-
tinues to increase daily.

As a food value, pure
Olive Oil has all the ele-
ments of a perfect food
and for purposes of nutri-
tion it cannot be sur-
passed.

For culinary purposes,
the dressing of salads,
broiling and frying of
fish, oysters, steaks,
chops, etc., there is noth-
ing to equal it.

While the European
people have for centuries
considered Olive Oil a ne-
cessity in every house-
hold, the American peo-
ple are just awakening to
the value of pure Olive
Oil as a dietary article,
and the many other ways
in which it can be em-
ployed to advantage.

In our long experience
in handling Olive Oil we
have found the French
Oil far superior to any
other. It has the finest
flavor and is not so fatty.

The Suit Store

Our judgment in the purchase of this season's suit stock was centered in the rich plain tailor-made styles, and we seem to have been correct in this particular—at least judging from the large volume of our suit sales. Our immense stock of Ladies' and Misses' Main-Tailored Suits adapted for every possible figure, every taste and to suit the extent of every purse. We pride ourselves upon our display of suits, and we particularly lay stress upon the extreme low prices we are asking.

9.98 Ladies' Suits, in black and navy blue; 36-inch coat; flare skirt with band. **9.98**

15.00 Plain Tailored Suits in Broadcloth; brown, black, garnet; this suit is especially low priced for the week; worth. **25.00**

18.75 Very stylish model; 36-inch coat; flare button front skirt; in blue, smoke, black, navy. **18.75**

22.50 Directoire Suits in navy; made of chiffon broadcloth; a very recent model; worth. **35.00**

Reproductions of Imported Suits in Directoire; hipless; in new shades; smoke wisteria, toque, raspberry, olive; braided trimmings; Irish crochet lace trimmings; rich satin effects, at reasonable prices; from \$50 up to \$100.

We are offering some very recent styles in Rain Garments in the Moire silk, rubberized and cloth; manish weaves; from \$12.50 up to \$25.00.

SPECIAL PETTICOAT SALE FOR TOMORROW

Regular \$5 value Black Taffeta Silk Petticoat; very full; of the dependable silk, at \$3.98; black only.

Regular \$6 quality Silk Petticoat; black and colored; tomorrow only, \$4.98.

Wonderful special in Black Taffeta Silk Waists; all recent styles, at \$2.98; others ask \$5.

The popular demand this season in the waist stock calls for Ladies' Tailored Shirts. Anticipating this demand we are showing large assortments in the Tailored Shirts at 98c up to \$2.50. This includes white and penciled stripes.

FOR THE LITTLE ONES

Children's White and Colored Bear Skin Coats at \$1.98, worth \$3.50.

Children's grey and Astrakhan Coats; ages, 1 to 5, at \$2.98.

KID GLOVE SALE MAIN FLOOR

So far as Governor Haskell is concerned this campaign has ceased to be anything more than a prodigious duel between himself and President Roosevelt. The fact that Roosevelt has quit saying anything makes it look more or less like a case of assault.

It appears to be fairly well demonstrated by the Berlin balloon race that a starting point should be at least five hundred miles from the seashore. Happless mariners of the vasty blue are coming down in showers into the vasty deep. Marine equipment would seem to be an essential part of an outfit for an aerial voyage.

Enforcing the laws placement has a very queer effect. A little spurt against the gamblers at one time and then a little spurt against selected saloonkeepers at another time and a bit of pulite attention to houses in the redlight region at long intervals and a promise to do things to the "sidewalk splitters" makes a queer patchwork of law enforcement. As for consequences—there are none worth noting. The general situation remains unchanged and Fort Wayne continues to be the hideous marvel among Indiana municipalities.

In welcoming to Fort Wayne the seventy-sixth Baptist convention of Indiana this city is not extending her hearty greeting to strangers. Fort Wayne has known the Baptists a good while. Baptist missionaries were among the first to bring into the wilds of this region, near a century ago, the doctrines of the protestant church. Baptist laborers in the vineyard came here in 1820, while Fort Wayne was yet a trading post for Indians. With intermissions Baptists worked in Fort Wayne until 1837, when the first congregation of the church was organized. So, it is seen, they have been identified with the religious growth and labors of Fort Wayne from a very early time—a time that antedates Fort Wayne as an organized community. It was so in the older settled portions in southern Indiana, just as it was so in all other sections of the great republic. Baptists have always been pioneers in the work of carrying the cause of the Christian religion to the far-flung frontiers of civilization. Fort Wayne extends a hearty greeting to the ministerial and lay delegates who come to this great convention of Indiana Baptists. They are a part of the best that is in Indiana citizenship and a most potent force in the religious life and spirit of the state. It is the general hope that the convention here will realize all anticipations and more and that the sojourn of the delegates will be in every way both a pleasure and a profit to them. Fort Wayne is honored greatly by her guests.

Less than three weeks of the campaign remains. So far it has been the quietest national contest within the memory of men living. In these closing days of the struggle there are some signs of life, but not such as heretofore have marked the final charges in great battles for the presidency. The apathy has been ascribed as due in large part to the lack of funds in the hands of the party managers. While this may account in some degree for the indifference it does not explain the remarkable outward appearance of quiet contentment of the populace as it relates to the campaign. It cannot be said that in their hearts the people are indifferent. The nature of the issues and the characters of the candidates for president are not such as leave the voters without room for choice. It has been described as a "thinking campaign." Perhaps that is true. At all events there has been a striking absence of the hysteria called enthusiasm, of the

costly display and of the tumultuous fanfare that hitherto have given picturesque feature to presidential campaigns. Perhaps the next three weeks will witness a change in the spirit of the battle. The republican managers are reported to have improved the state of their exchequer and the democrats are said to have a better prospect of funds, though not in such amounts as to encourage extravagance. That it is a fight to the finish well-informed and conservative onlookers of both political parties freely admit. New York, Indiana and some of the western states are frankly conceded to be in the strictest sense of the meaning of the term debatable ground. Ohio is receiving unwonted attention from the republican managers and that Illinois is looked upon as a "sure thing" has the evidence of uncommon aggressiveness in the republican campaign in that state. In the closing days of the campaign doubtless Indiana will be the theater of the most strenuous labors of the entire contest. Mr. Taft is coming, Mr. Bryan is coming and with them and after them will come the thirteen-inch guns of the great parties. Republican claims for this state in very few cases exceed a Taft plurality of 30,000. Most of them are less and some of them below 15,000. But the situation makes a prediction a far-hazarded guess at best. The voters are very distinctly keeping their own counsel.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Large shipments of apples are made daily from this city to the northwest. There is some talk of constructing a railroad between Fort Wayne and Elkhart.

Rev. Bishop Dwenger is preparing a lecture and will deliver it at Library Hall this winter.

It is now announced that the Wabash shops will run regularly all winter. This will be good news to the employees.

The town clock stopped last night at five minutes of one. It should be repaired at once, or a pine board be nailed over each of its faces.

The Bass Foundry and Machine works has recently received large orders from France for steam engines. The product of this great institution can now be found in nearly every civilized country on the globe.

Sheriff Schiefer yesterday made a return of the death warrant of McDonald. The document, which is quite voluminous, recites in detail all the features of the finding of the court and the execution.

Mrs. Judge Lowry will hereafter preside at the organ at Trinity church until she goes to Washington, which will not be until after the holidays. This will be pleasant news to the many friends of this talented and accomplished lady.
